Soul Barnacles Ten More Years With Ray:

Soul Barnacles Tess Gallagher, 2000 Documents that chronicle the story of a literary partnership and marriage that did not end with death [The Poetry of Raymond Carver](#) Sandra Lee Kleppe, 2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver's poems making a case for the quality of Carver's poetic output and showing the central role Carver's pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver's entire production and a distinguishing feature of Kleppe's book is its contextualization of Carver's poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver's poetry and short story careers situates Carver's poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver's use of the elegy genre within the context of his terminal illness Tellingly Carver's poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver's work suggests the appropriateness of Kleppe's culminating discussion of Carver's work as a bridge between the fields of literature and medicine
