The Soul and Secrets of Its Structure Larisa Seklitova, Ludmila Strelnikova, 2011-04-04 Since ancient times people have known about existence of the soul Every present religion on the Earth acknowledges that the man has it and all religions confirm that the soul is immortal and its loss is equal to death People offer prayers about salvation of their souls as the greatest value Many religions accept the reincarnation theory i e incarnating of the soul when the soul leaves human body after death and moves to newly born human body to proceed its development Thus what is the soul and whats the structure Our Heavenly Teachers have decided that it is time to give the humanity of third millennium new knowledge about the soul as people of sixth race who will live on the Earth in this period of time will be able to accept and understand these revealed truths This book is devoted to this topic New knowledge about the soul is shown up with care not to shock by the avalanche of new concepts For the first time they revealed that the soul is not only the eddy of invisible spirit but it has like the human body its own structure The first chapter of the book is about the structure of the soul Creation of Soul Jesus Christ says in the Bible In my Fathers house there are many rooms This means there are many inhabited worlds in the Cosmos Souls for these worlds are created by God himself and his aides special Hierarchical Systems It takes 9 cosmic years to create one soul One cosmic year is approximately equal to 1 billion earthly years because time of God and time on the Earth flies differently God creates the soul and makes it spiritual The only God governs the Great Secret of vivification Without vivification there cannot be life as well When we asked God What is the soul He answered The soul is the integral part of the Absolute Many souls are sort of its interior filling They are its main Units like cells in your body All souls piece out the huge nature of the Absolute and God Structure of Soul The Soul is the complex energetical construction It is a volumetric favose structure matrix where one volume enters another and all are merged Cells of the matrix are completely digits which carry out energy Total volume of the soul is called configuration Types of soul configurations vary greatly The self construction principle is laid in the matrix Every soul while developing builds its configuration basing on energetical volumes which fill up cells of the matrix Qualitative and quantitative composition is different within all matrices That is the reason why there are no two absolutely similar souls The matrix is of great importance for every individual because a personality is not personality without it Individual ceases existing without the matrix as an inspired creation The soul is triune It consists of 3 principles plus minus and managerial When a soul has just been created all these three principles are equal and every part occupies 1/3 of total matrix volume In the course of development the balance between its parts constantly changes although if the managerial part reaches half the volume it maintains this balance This is a program of soul construction Soul Development Development and improvement of soul in everyday life consist in acquisition of life experience new knowledge evolving feelings and intellect but on energetical plane it is enlargement of own energetical potential The sense of life and any existence in any world is development of soul There are only two ways of soul development for the man plus direction to God

and minus one to Devil Ways of virtue creativity development through medicine and additionally way of computation and programming connected with creativity lead to God Ways of evil degradation automatism and programming without creativity principle lead to Devil Development of soul in any world is based on a program Program of development is drawn up per one incarnation in the material body It is saved on one of hum *The Master Secret* Albert Boynton Storms,2021-01-01 *The Master Secret* by Albert Boynton Storms *The Master Secret* by Albert Boynton Storms is a gripping novel that intertwines mystery adventure and romance Set against the backdrop of the early 20th century the story follows the protagonist s quest to uncover a long lost secret with the potential to change the course of history Storms weaves a captivating narrative filled with unexpected twists and turns keeping readers enthralled until the final revelation of the master secret Key Aspects of the Novel *The Master Secret* by Albert Boynton Storms Mystery and Adventure The novel offers an enthralling blend of mystery and adventure making it a page turner for readers who enjoy thrilling plots Historical Setting Set in the early 20th century the story immerses readers in a rich historical backdrop adding depth to the plot Revelation and Intrigue *The Master Secret* keeps readers engaged with its well crafted plot leading to a satisfying revelation of the secret at the heart of the story Albert Boynton Storms was an American author known for his works of fiction particularly in the mystery and adventure genres *The Master Secret* showcases Storms skill in crafting suspenseful narratives that keep readers on the edge of their seats *The Power of Soul* Zhi Gang Sha,2012-12-11 For the first time Dr Sha teaches readers how to increase their longevity attain wealth and prevent illness through a fusion of Eastern and Western medicine and philosophy that will revolutionize their understanding of healing Through his internationally acclaimed principles and techniques Dr Sha provides a simple answer to the age old question what is the real secret to healing Heal the soul first and the mind and body will follow This third book in his bestselling Soul Power series dives deep into spiritual mysteries and reveals ancient secrets and lessons that readers can apply to every area of the daily routine clearing up negative energy blockages and discovering their capacity for unconditional love and forgiveness *Spirit & Destiny Soul Secrets* Anderson, Emily, **The Desert of Souls** Howard Andrew Jones,2011-02-15 The glittering tradition of sword and sorcery sweeps into the sands of ancient Arabia with the heart stopping speed of a whirling dervish in this thrilling debut novel from new talent Howard Andrew Jones In 8th century Baghdad a stranger pleads with the vizier to safeguard the bejeweled tablet he carries but he is murdered before he can explain Charged with solving the puzzle the scholar Dabir soon realizes that the tablet may unlock secrets hidden within the lost city of Ubar the Atlantis of the sands When the tablet is stolen from his care Dabir and Captain Asim are sent after it and into a life and death chase through the ancient Middle East Stopping the thieves a cunning Greek spy and a fire wizard of the Magi requires a desperate journey into the desert but first Dabir and Asim must find the lost ruins of Ubar and contend with a mythic sorcerous being that has traded wisdom for the souls of men since the dawn of time But against all these hazards there is one more that may be too great even for Dabir to overcome Advance Praise for THE
