countless subjects including Roman Catholic theology and philosophy the struggle between the papacy and the Holy Roman Empire Greek mythology and geocentric cosmology to answer the age old question what does the afterlife look like Dante's vision of the answer this three volume epic poem describes in great detail the systematic levels in Hell Purgatory and Heaven The poem opens with its author wandering in a dark forest Blocked from climbing towards the bright light by a she wolf a leopard and a lion he is forced to walk further into the darkened valley and towards the gates of Hell Dante and his guides must then travel through the nine circles of Hell seven terraces of Purgatory and nine spheres of Heaven to experience divine justice for earthly sins so that he may reach the Empyrean and receive God's love On his journey he will learn that one must be consciously devoted to the path of morality and righteousness else one find oneself on a path towards sin This Standard Ebooks edition is based on Henry Wadsworth Longfellow's blank verse translation Longfellow succeeds in capturing the original brilliance of Dante's internal rhymes and hypnotic patterns while also retaining accuracy It is said that the death of his young wife brought him closer to the melancholy spirit of Dante's writing which itself was shaped by his wounding exile from his beloved Florence in 1302 This book is part of the Standard Ebooks project which produces free public domain ebooks
