The Beast from the Sea John J. Stanley, 1977 *Four Views on the Book of Revelation* Zondervan, 2010-08-03 Of all the books of the Bible few are as fascinating or as intimidating as Revelation Four grim horsemen the Antichrist the ten horned beast the ultimate battle at Armageddon the mark of the beast It s no wonder that these images have gripped the imagination of so many and have been variously interpreted as symbolizing everything from Hitler and Gorbachev to credit cards and the Internet Is the book of Revelation a blueprint for the future A book of powerful symbolic imagery with warnings for the church Is it essentially an imaginative depiction of historical events in the first century *Four Views on the Book of Revelation* explores four interpretations of the book of the Apocalypse Preterist a historical interpretation arguing that most of John s prophecies occurred in the first century soon after his writing of them Idealist a spiritual or symbolic interpretation arguing that the events in Revelation are not literal and that apocalyptic literature requires a different approach than the Gospels or Epistles Classical dispensationalism a literal interpretation based on a reading of Revelation that pays close attention to the rules of grammar and the separate eras of covenantal history Progressive dispensationalism a modification of classical that has its root in the understanding of Christ s reign beginning immediately after the resurrection The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion
