from a variety of film sources As a bonus the book also includes a chapter of updates regarding recently discovered and new information about films of The Beatles as a group during the years from 1961 to 1970 Through the years the author has been consulted for several Beatles film and book projects including the 2011 Martin Scorsese documentary *George Harrison Living in the Material World* Dead Celebrities, Living Icons John David Ebert, 2010-06-02 This in depth series of literary portraits studies celebrities who died in famous and tragic ways ways that still resonate as archetypal death scenarios in present day We know their likes and dislikes admire their talents envy them for daring to be what we can't or what we won't When they are snatched from us we feel a personal loss and an unwillingness to let go And so we transform these mere human beings into icons whose stars often shine in death even more brilliantly than in life *Dead Celebrities Living Icons Tragedy and Fame in the Age of the Multimedia Superstar* explores this phenomenon through a series of essays on 14 men and women who are arguably the most famous people of the 20th and early 21st centuries The book covers the epoch of the celebrity beginning in the 1930s with Howard Hughes and Walt Disney and continues to the present day with the life and death of Michael Jackson Far more than just a collection of biographies *Dead Celebrities Living Icons* documents the philosophical importance and significance of the contemporary cult of the celebrity and analyzes the tragic consequences of a human life lived in the glare of the media spotlight *The Transatlantic Sixties* Grzegorz Kosci, Clara Juncker, Sharon Monteith, Britta Waldschmidt-Nelson, 2014-04-15 This collection brings together new and original critical essays by eleven established European American Studies scholars to explore the 1960s from a transatlantic perspective Intended for an academic audience interested in globalized American studies it examines topics ranging from the impact of the American civil rights movement in Germany France and Wales through the transatlantic dimensions of feminism and the counterculture movement It explores for example the vicissitudes of Europe's status in US foreign relations European documentaries about the Vietnam War transatlantic trends in literature and culture and the significance of collective and cultural memory of the era *A Hard Day's Night - Music on Film Series* Ray Morton, 2011-08-01 *Limelight A Hard Day's Night Music on Film Series* is the story of the making of the greatest rock and roll movie of all time Beginning with introductions to the film's stars chronicling their rise from a raggedy teenage skiffle band to the biggest pop act in the world the book goes on to tell how the American film company United Artists wanted to make a quick low budget movie starring the Fab Four so its record division could put out a motion picture soundtrack album full of new Beatles songs in order to allow the studio to cash in on the incredible wave of Beatlemania then sweeping the planet Director Richard Lester producer Walter Shenson and screenwriter Alun Owen were hired to churn out just another cheap exploitation film but instead used the opportunity to create a startlingly fresh and original movie that broke new ground both in subject matter instead of simply following genre tradition and sticking the band in some corny made up plot they had the Beatles play themselves in a narrative based on their own incredible real life experiences and in form Lester's inspired surrealist approach to the film's musical numbers kicked off the

entire music video revolution Covered is the film's frantic six week shoot the lively recording sessions that resulted in seven great new Beatles songs and how both the film and the album met with great critical and popular success Way Beyond Compare John C. Winn, 2008-12-09 An answered prayer for Beatles fans and collectors the first volume of a unique work that exhaustively chronicles all known and available Beatles recordings Have you ever watched a Beatles film clip and wondered Where was that filmed Is any more of that footage available Have you ever heard a Beatles interview and asked When was that taped Where's the best place to find the complete recording Way Beyond Compare has the answers to these and thousands of similar questions It's the key to unlocking the secrets behind every known Beatles recording in circulation through 1965 telling you where to find them what makes them unique and how they fit within the context of the Beatles amazing musical and cultural journey Author John C Winn has spent twenty years twice as long as the Beatles were together sifting through scrutinizing organizing and analyzing hundreds of hours of audio and video recordings and putting them into a digestible chronological framework for Way Beyond Compare and its companion volume That Magic Feeling The Beatles Recorded Legacy Volume Two 1966 1970 It takes a rare and special kind of mind to sift through it all to research and enquire catalogue and chronicle assess and contrast identify and label and to fit all the myriad pieces into the vast jigsaw puzzle that is the Beatles career John C Winn is that person and he's done it with a rare skill and intelligence Mark Lewisohn
