The Beautiful Novel And Strange Aesthetics And Heterodoxy:

The Beautiful, Novel, and Strange Ronald Paulson, 2019-12-01 Originally published in 1995 In *The Beautiful Novel and Strange* Ronald Paulson fills a lacuna in studies of aesthetics at its point of origin in England in the 1700s He shows how aesthetics took off not only from British empiricism but also from such forms of religious heterodoxy as deism The third earl of Shaftesbury the founder of aesthetics replaced the Christian God of rewards and punishments with beauty worship of God with a taste for a work of art William Hogarth reacting against Shaftesbury's disinterestedness replaced his Platonic abstractions with an aesthetics centered on the human body gendered female and based on an epistemology of curiosity pursuit and seduction Paulson shows Hogarth creating first in practice and then in theory a middle area between the Beautiful and the Sublime by adapting Joseph Addison's category in the *Spectator* of the Novel Uncommon and Strange Paulson retrieves an aesthetics that had strong support during the eighteenth century but has been obscured both by the more dominant academic discourse of Shaftesbury and later Sir Joshua Reynolds and by current trends in art and literary history Arguing that the two traditions comprised not only painterly but also literary theory and practice Paulson explores the innovations of Henry Fielding John Cleland Laurence Sterne and Oliver Goldsmith which followed and complemented the practice in the visual arts of Hogarth and his followers *The Beautiful, Novel, and Strange* Ronald Paulson, 2019 Paulson retrieves an aesthetics that had strong support during the eighteenth century but has been obscured both by the more dominant academic discourse of Shaftesbury and later Sir Joshua Reynolds and by current trends in art and literary history Arguing that the two traditions comprised not only painterly but also literary theory and practice Paulson explores the innovations of Henry Fielding John Cleland Laurence Sterne and Oliver Goldsmith which followed and complemented the practice in the visual arts of Hogarth and his followers **China and the Writing of English Literary Modernity,**

1690-1770 Eun Kyung Min, 2018-04-19 This book explores how a modern English literary identity was forged by its notions of other traditions and histories in particular those of China The theorizing and writing of English literary modernity took place in the midst of the famous quarrel between the Ancients and the Moderns Eun Kyung Min argues that this quarrel was in part a debate about the value of Chinese culture and that a complex cultural awareness of China shaped the development of a national literature in seventeenth and eighteenth century England by pushing to new limits questions of comparative cultural value and identity Writers including Defoe Addison Goldsmith and Percy wrote China into genres such as the novel the periodical paper the pseudo letter in the newspaper and anthologized collections of antique English poetry inventing new formal strategies to engage in this wide ranging debate about what defined modern English identity *The Ugliness of Moses Mendelssohn* Leah Hochman, 2014-10-10 *The Ugliness of Moses Mendelssohn* examines the idea of ugliness through four angles philosophical aesthetics early anthropology physiognomy and portraiture in the eighteenth century Highlighting a theory that describes the benefit of encountering ugly objects in art and nature eighteenth century German Jewish

philosopher Moses Mendelssohn recasts ugliness as a positive force for moral education and social progress According to his theory ugly objects cause us to think more and thus exercise and expand our mental abilities Known as ugly himself he was nevertheless portrayed in portraits and in physiognomy as an image of wisdom gentility and tolerance That seeming contradiction an ugly object Mendelssohn made beautiful illustrates his theory's possibility ugliness itself is a positive even redeeming characteristic of great opportunity Presenting a novel approach to eighteenth century aesthetics this book will be of interest to students and scholars in the fields of Jewish Studies Philosophy and History Handicraft Philosophies Ruth Mack,2025-06-03 The term Enlightenment still carries its tie to a grand philosophical tradition that in Britain moves through Bacon Locke and Hume But the literature and philosophy of the Enlightenment was full of practical knowledge associated with the body and with craft This book is an account of the eighteenth century thinkers from across social classes who turned to the body to formulate new ways of knowing natural and social worlds what Ruth Mack calls handicraft philosophies The writers discussed in this book include a formerly enslaved man Olaudah Equiano and a washerwoman Mary Collier as well as gentlemen Joseph Banks and James Boswell and the artist William Hogarth In their efforts to communicate embodied ways of knowing they bring together theory and practice they set aside objectivity and relish the practical ways of knowing that are traditionally associated with lower classes and less than privileged bodies Mack focuses on how such knowledge proved especially helpful for understanding society as a new object of enquiry in the Enlightenment laying the groundwork for the emergence of anthropological and sociological thought Complicating the intellectual history of Enlightenment Britain amidst the rise of popular science and imperial expansion Handicraft Philosophies is a new account of the thinkers who configured philosophy as a practice open to all **The Vicar of Wakefield** Oliver Goldsmith,2024-06-13 This newly edited critical edition of an enduringly popular tale one of the most widely reprinted and illustrated works of fiction in English offers readers an authoritative text along with extensive and helpful annotation Following the lives of the vicar and his family and the various calamities which befall them The Vicar of Wakefield was one of the most popular and beloved works of eighteenth century fiction A lively introduction details the reception of Goldsmith's tale from comments by Frances Burney and Goethe through Sir Walter Scott Washington Irving and Henry James to critics of the twentieth and twenty first centuries The volume also includes appendices comprising a wealth of contextual information enhancing the work for contemporary readers For scholars of Goldsmith and new readers alike this edition will prove the authoritative version of a tale that moved generations of readers to laughter and to tears Private Interests Alison Margaret Conway,2001-01-01 This study undertakes a new definition of the 18th century novel's investment in visual culture tracing the relationship between the development of the novel and that of the portrait particularly as represented in the novel itself Inspiration and Technique John Roe,Michele Stanco,2007 While Plato extols inspired poetry as opposed to poetry produced by means of technique Aristotle conceives of poetry only in terms of techn Underlying the opposition between inspiration and technique are two different approaches to

form inspiration is concerned with the impression of ideas or forms within the poet's psyche the author's *forma mentis* whereas technique deals with the transposition of the artist's idea into the material form of the work the *forma operis* This dual view of form and of its complex relation to matter may be said to lie at the basis of a dual approach to aesthetic issues a psychological and a textual one Taking their cue from this opposition the essays gathered here explore some of the most momentous phases in the history of aesthetics from Graeco Roman philosophy and oratory to Renaissance poetry and literary criticism from neoclassical poetics to Romantic and Victorian views on inspired visions to recent issues in neuroaesthetics philosophy of art and literary linguistics In so doing they collectively point to the irremediable and continuing dualism of a critical tradition that has alternately emphasized the ideal elements of beauty and the material constituents of art

Indian Travel Writing in the Age of Empire Pramod K. Nayar, 2020-01-18 *Indian Travel Writing in the Age of Empire* studies a variety of travel narratives by Indian kings evangelists statesmen scholars merchants leisure travellers and reformers It identifies the key modes through which the Indian traveller engaged with Europe and the world from aesthetic evaluations to cosmopolitan nationalist perceptions from exoticism to a keen sense of connected and global histories These modes are constitutive of the identity of

the traveller The book demonstrates how the Indian traveller defied the prescriptive category of the imperial subject and fashions himself through this multilayered engagement with England Europe and the world in different identities
