Reading Alice Munro's Breakthrough Books J.R. (Tim) Struthers, Ailsa Cox, Corinne Bigot, Catherine Sheldrick Ross, What in terms of Alice Munro's creative artistry and creative power allowed her to become the first and only short story writer the first and only Canadian and just the thirteenth woman in history to win the Nobel Prize in Literature And exactly when during Munro's career did her artistry and power advance to ensure that she would earn such world wide renown The answers lie in studying the boldly innovative yet greatly under examined group of her four mid career breakthrough books Our volume therefore provides a carefully orchestrated analysis of Munro's subtle yet potent handling of form technique and style both within individual stories and across these special collections
