The Beginning Of Time Other Stories:

Poetic Critique Michel Chaouli, Jan Lietz, Jutta Müller-Tamm, Simon Schleusener, 2021-03-22 Poetic critique is that not an oxymoron Do these two forms of behavior the poetic and the critical not pull in different even opposite directions For many scholars working in the humanities today they largely do but that has not always been the case Friedrich Schlegel for one believed that critique worthy of its name must itself be poetic Only then would it stand a chance of responding adequately to the work of art Taking Schlegel's idea of poetische Kritik as a starting point this volume reflects on the possibility of drawing these alleged opposites closer together In light of current debates about the legacy of critique it investigates whether a concept such as poetic critique or poetic criticism lends itself to enriching our intellectual practice by engaging with the poetic potential of criticism and the critical value of art and literature

The Truth and Other Stories Stanislaw Lem, 2021-09-14 Twelve stories by science fiction master Stanislaw Lem nine of them never before published in English Of these twelve short stories by science fiction master Stanislaw Lem only three have previously appeared in English making this the first new book of fiction by Lem since the late 1980s The stories display the full range of Lem's intense curiosity about scientific ideas as well as his sardonic approach to human nature presenting as multifarious a collection of mad scientists as any reader could wish for Many of these stories feature artificial intelligences or artificial life forms long a Lem preoccupation some feature quite insane theories of cosmology or evolution All are thought provoking and scathingly funny Written from 1956 to 1993 the stories are arranged in chronological order In the title story The Truth a scientist in an insane asylum theorizes that the sun is alive The Journal appears to be an account by an omnipotent being describing the creation of infinite universes until in a classic Lem twist it turns out to be no such thing in An Enigma beings debate whether offspring can be created without advanced degrees and design templates Other stories feature a computer that can predict the future by 137 seconds matter destroying spores a hunt in which the prey is a robot and an electronic brain eager to go on the lam These stories are peak Lem exploring ideas and themes that resonate throughout his writing
