Vanderbilt,1999-01-01 Writer F Scott Fitzgerald s career itself is a metaphor for the vagaries of book publishing If Fitzgerald would have had his way we would today refer to The Great Gatsby as either Gold Hatted Gatsby Trimalchio in West Egg or The High Bouncing Lover A few years before Gatsby Fitzgerald had become a literary sensation at the age of 23 Helen Hooven Santmyer a contemporary of Fitzgerald s would not have a successful novel published until she was 88 and living in a nursing home In this book the author explores that mysterious place in publishing where art and commerce can either clash mesh or both Along the way a wide range of authors from the literary greats to today s commercial superstars editors agents and publishers share their thoughts insights and experiences What inspires writers John Steinbeck for example wrote every novel as if it were his last as if death were imminent Why are some books successful and appreciated while others fall into oblivion The answers are often elusive never absolute but the stories and anecdotes are always fascinating Must Read: Rediscovering American Bestsellers Sarah Churchwell,Thomas Ruys Smith,2012-08-02 What is it about certain books that makes them bestsellers Why do some of these books remain popular for centuries and others fade gently into obscurity And why is it that when scholars do turn their attention to bestsellers they seem only to be interested in the same handful of blockbusters when so many books that were once immensely popular remain under examined Addressing those and other equally pressing questions about popular literature Must Read is the first scholarly collection to offer both a survey of the evolution of American bestsellers as well as critical readings of some of the key texts that have shaped the American imagination since the nation s founding Focusing on a mix of enduring and forgotten bestsellers the essays in this collection consider 18th and 19th century works like Charlotte Temple or Ben Hur that were once considered epochal but are now virtually ignored 20th century favorites such as The Sheik and Peyton Place and 21st century blockbusters including the novels of Nicholas Sparks The Kite Runner and The Da Vinci Code **Modernism** Melba Cuddy-Keane,Adam Hammond,Alexandra Peat,2014-02-05 Guided by the historical semantics developed in Raymond Williams pioneering study of cultural vocabulary Modernism Keywords presents a series of short entries on words used with frequency and urgency in written modernism tracking cultural and literary debates and transformative moments of change Short listed for The Modernist Studies Association 2015 Book Prize for an Edition Anthology or Essay Collection Highlights and exposes the salient controversies and changing cultural thought at the heart of modernism Goes beyond constructions of plural modernisms to reveal all modernist writing as overlapping and interactive in a simultaneous and interlocking mix Draws from a vast compilation of more than a thousand sources ranging from vernacular prose to experimental literary forms Spans the long modernist period from its incipient beginnings c 1880 to its post WWII aftermath Approaches English written modernism in its own terms tempering explanations of modernism often derived from European poets and painters Models research techniques based on digital databases and collaborative work in the humanities
