Finding a Place to Stand Edward R Shapiro,2020-04-29 What stands between us and authoritarianism seems increasingly fragile Democratic practices are under

attack by foreign intrusion into elections voter suppression restricts citizen participation Nations are turning to autocratic leaders in the face of rapid social change Democratic values and open society can only be preserved if citizens can discover and claim their voices We access society through our organisations yet the collective voices and irrationalities of these organisations do not currently offer clear pathways for individuals to locate themselves How can we move through the mounting chaos of our social systems through our multiple roles in groups and institutions to find a voice that matters What kind of perspective will allow institutional leaders to facilitate the discovery of active citizenship and support engagement This book draws on psychodynamic systems thinking to offer a new understanding of the journey from being an individual to joining society as a citizen With detailed stories the steps and the conscious and unconscious linkages from being a family member to entering outside groups to taking up and making sense of institutional roles illuminate the process of claiming the citizen role With the help of leaders who recognise and utilise the dynamics of social systems there may be hope for us as citizens to use our institutional experiences to discover a place to stand **Communicative Practices at Work** Jo Anne Kleifgen, 2013-10-28 This book examines communicative practices in a circuit board manufacturing plant in California s Silicon Valley where the employees come from diverse ethnolinguistic backgrounds their activities involve the use of high tech equipment and their practices are shaped by and sometimes contest local and global forces Analyses of the data show that learning occurs optimally when workers make strategic use of both their home languages and English within an ecology of semiotic systems The book demonstrates the importance of accounting for multilingual practices in studies of multimodality Through detailed ethnography it brings the reader to a better understanding of learning in practice in work environments where the complexities and accelerated growth of new technologies along with a globalized world produce new forms of multilingual and multimodal communication Making Standards Work Douglas B. Reeves, 2002 Rationale and step by step instructions for creating classroom assessments that accurately measure what students know and are able to do
