Rabin, Stephen D. Sugarman, 1993 Public and governmental attitudes toward tobacco use are dramatically different today
when compared to the attitudes of the mid 1960s Smoking then was widely regarded as a mark of sophistication and a
natural companion at work and play The accumulating evidence on the serious health risks of smoking to both smokers and
nonsmokers has changed those sentiments Now tobacco use is increasingly a target of cultural disapproval both in social
circles and in the regulatory arena Smoking Policy Law Politics and Culture examines the interplay between public opinion

change was not medical advice but organized pressure a movement for nonsmoker's rights
