Coleman,2023-01-01 Franz Liszt is well known for his early years as super star pianist who excited audiences throughout Europe but his later life is also of great interest In his final 25

years he sought to achieve his life's aims of promoting new forms of music and giving stronger witness to his Christian faith while continuing to support his stalwart life partner Princess Carolyne. However, he was to face unexpected problems in the continued negative reception of his music and recrimination in his closest relationship. Drawing on detailed analysis of Liszt's correspondence from his fiftieth year onwards, Peter G. Coleman approaches his later life as a case study of an older person grappling with a succession of often disturbing life experiences. These included the deaths of two of his children, political upheaval and war within Europe, and a growing realisation of his own past failings. Liszt suffered frequent bouts of depression but never ceased composing music nor steadfastly heeding Christ's command to bear one's cross. This sensitive treatment of an extraordinary individual will appeal to the scholar and general reader alike.
