Kenneth Paul Kramer, 2019-08-21 Martin Buber one of the twentieth century's most distinguished and creative thinkers famously argued that the fundamental fact of human existence is person with person and that practicing genuine dialogue is necessary for anyone who wishes to become authentically human This book seeks to unleash and reassemble the core elements for practicing dialogue turning and addressing and then listening and responding Despite what many say the innermost growth of the self does not come in relation to one's self Rather attaining one's authentic human existence one's innate self realization emerges again and again through genuine dialogue through participatory consciousness We become authentically human in and through our relationships with others Here's the point instead of having dialogues human beings mutually become dialogue with others Individual human beings in dialogue with one another become memorable mutualities found nowhere else opening out into the world **A Companion to Martin Buber** Paul Mendes-Flohr, 2025-06-25 A

An Analysis of Martin Buber's I and Thou Simon Ravenscroft, 2018-05-20 Martin Buber's *I and Thou* argues that humans engage with the world in two ways One is with the attitude of an I towards an It where the self stands apart from objects as items of experience or use The other is with the attitude of an I towards a Thou where the self enters into real relation with other people or nature or God Addressing modern technological society Buber claims that while the I-It attitude is necessary for existence human life finds its meaning in personal relationships of the I-Thou sort *I and Thou* is Buber's masterpiece the basis of his religious philosophy of dialogue and among the most influential studies of the human condition in the 20th century

Dialogue as a Trans-disciplinary Concept Paul Mendes-Flohr, 2015-06-16 This volume of essays takes as its point of departure Martin Buber's principle of dialogue which he applied as a comprehensive hermeneutic method for the study of various cultural phenomena The volume critically evaluates the methodological purchase to be gained by the introduction of Buber's conception of dialogue in political theory psychology and psychiatry and religious studies

The Existential Philosophy of Etty Hillesum Meins G. S. Coetsier, 2014-01-09 In *The Existential Philosophy of Etty Hillesum* Meins G. S. Coetsier breaks new ground by demonstrating the Jewish existential nature of Etty Hillesum's spiritual and cultural life in light of the writings of Martin Buber Emmanuel Levinas and Dietrich Bonhoeffer Hillesum's diaries and letters written between 1941 and 1943 illustrate her struggle to come to terms with her personal life in the context of the Second World War and the Shoah By finding God under the rubble of the horrors she rediscovers the divine presence between humankind while taking up responsibility for the Other as a way to embrace justice and compassion In a fascinating accessible and thorough study Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings The result is a convincing and profound picture of Etty Hillesum's path to spiritual freedom
