The Liberal Persuasion Arthur Schlesinger Jr The Challenge Of The American Past:

The Liberal Persuasion John Patrick Diggins, 2017-03-14 For more than half a century the celebrated historian Arthur Schlesinger Jr has been the guiding force of American liberalism both intellectually and in practice The author of many critically acclaimed books Schlesinger vigorously defended FDR's New Deal policies in his earliest writings and later served as a close advisor to President John F Kennedy In this volume twenty of today's most eminent historians join forces to explore Schlesinger's unique brand of liberalism one that has steered clear of ideological extremism and social fragmentation favoring instead pluralism and the pragmatic use of state power By engaging the reader in various aspects of his career and intellectual pursuits these essays offer an exhilarating journey through American political history from the Jackson era to multiculturalism while demonstrating historical writing at its best The volume opens with essays on Schlesinger as a historian and a political participant contributed by William E Leuchtenburg Hugh Thomas George Kennan John Kenneth Galbraith and John Morton Blum The influence of the Jackson era is explored by Robert Remini Sean Wilentz and Jean V Matthews In a section on modern liberalism and governance such topics as the New Deal the Great Society and the fate of liberalism under the Carter administration are discussed by Alan Brinkley Kathleen D McCarthy Fred Siegel Leo P Ribuffo and Richard C Wade Betty Miller Unterberger and Ronald Steel comment on liberalism and the Cold War Louis Menand and Eugene D Genovese explore ideological controversies within liberalism including pragmatic liberalism and relativism and multiculturalism In the final section George Cotkin Neil Jumonville and Sir Isaiah Berlin write on three figures whom Schlesinger greatly admired William James Henry Steel Commager and Edmund Wilson Originally published in 1997 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

International Relations Since the End of the Cold War Geir Lundestad, 2013 In *International Relations Since the End of the Cold War* many of the world's leading scholars examine the Cold War legacy The authors examine several key issues including the relationship between democracy and peace the Cold War and the Third World superpowers the role of post Cold War nuclear weapons

Donkey Work Patrick Andelic, 2019-05-24 What happened to the Democratic Party after the 1960s In many political histories the McGovern defeat of 1972 announced the party's decline and the conservative movement's ascent What the conventional narrative neglects Patrick Andelic submits is the role of Congress in the party's and the nation's political fortunes In *Donkey Work* Andelic looks at Congress from 1974 to 1994 as the Democratic Party's stronghold and explores how this twenty year tenure boosted and undermined the party's response to the conservative challenge If post 1960s America belongs to the conservative movement Andelic asks how do we account for the

failure of so much of the conservative agenda especially the shrinking of the federal government Examining the Democratic Party's unusual durability in Congress after 1974 Donkey Work disrupts the narrative of inexorable liberal decline since the 1970s and reveals the ways in which liberalism and conservatism actually developed in tandem The book traces the evolution of ideologies within the Democratic Party particularly the emergence of neoliberalism suggesting that this political philosophy was as much an anticipation of America's right turn as a reaction to it as factions vied for control of the party Congress itself both strengthened and weakened liberal resistance to the conservative movement By putting the focus on Congress and legislative politics in contrast to the presidential synthesis that dominates US political history Andelic's book offers a new deeply informed perspective on two turbulent decades of American politics a perspective that alters and expands our understanding of how we arrived at our present political moment

Capitalism Takes Command Michael Zakim, Gary J. Kornblith, 2012-02 Most scholarship on nineteenth century America's transformation into a market society has focused on consumption romanticized visions of workers and analysis of firms and factories Building on but moving past these studies Capitalism Takes Command presents a history of family farming general incorporation laws mortgage payments inheritance practices office systems and risk management an inventory of the means by which capitalism became America's new revolutionary tradition This multidisciplinary collection of essays argues not only that capitalism reached far beyond the purview of the economy but also that the revolution was not confined to the destruction of an agrarian past As business ceaselessly revised its own practices a new demographic of private bankers insurance brokers investors in securities and start up manufacturers among many others assumed center stage displacing older elites and forms of property Explaining how capital became an ism and how business became a political philosophy Capitalism Takes Command brings the economy back into American social and cultural history

A New Literary History of America Greil Marcus, Werner Sollors, 2012-05-07 America is a nation making itself up as it goes along a story of discovery and invention unfolding in speeches and images letters and poetry unprecedented feats of scholarship and imagination In these myriad multiform endlessly changing expressions of the American experience the authors and editors of this volume find a new American history In more than two hundred original essays A New Literary History of America brings together the nation's many voices From the first conception of a New World in the sixteenth century to the latest re-envisioning of that world in cartoons television science fiction and hip hop the book gives us a new kaleidoscopic view of what Made in America means Literature music film art history science philosophy political rhetoric cultural creations of every kind appear in relation to each other and to the time and place that give them shape The meeting of minds is extraordinary as T J Clark writes on Jackson Pollock Paul Muldoon on Carl Sandburg Camille Paglia on Tennessee Williams Sarah Vowell on Grant Wood's American Gothic Walter Mosley on hard boiled detective fiction Jonathan Lethem on Thomas Edison Gerald Early on Tarzan Bharati Mukherjee on The Scarlet Letter Gish Jen on Catcher in the Rye and Ishmael Reed on Huckleberry Finn From Anne

Bradstreet and John Winthrop to Philip Roth and Toni Morrison from Alexander Graham Bell and Stephen Foster to Alcoholics Anonymous Life Chuck Berry Alfred Hitchcock and Ronald Reagan this is America singing celebrating itself and becoming something altogether different plural singular new Please visit www.newliteraryhistory.com for more information

The Forgotten Debate Dane J. Cash, 2025-10-14 When it comes to the origins of today's sharp partisan divide most have pointed to the usual suspects Newt Gingrich's Republican Revolution in 1994 Watergate and the Vietnam War In *The Forgotten Debate* Dane J. Cash suggests that we need to look further back in history He argues that we can trace the roots of the current ideological divide in America to the period of the Korean War The 1950s were hardly a time of liberal consensus as Cash maintains that liberals themselves were quite divided about the proper course of action in Korea and in the Cold War more generally Left liberals supported containment policy and its manifestation as a limited war in Korea whereas hawkish liberals favored a much more aggressive strategy particularly one vis vis Communist China which was largely indistinguishable from the position taken by avowed conservatives The seeds of neoconservatism were thus sown much earlier than is typically appreciated Furthermore conservative voices were galvanized by what they perceived to be American timidity and ultimately failure in prosecuting the Korean War Their frustrations about Korea and American weakness toward China led them to develop a unilateralist America First foreign policy which coalesced into a coherent movement several years prior to the founding of William F Buckley Jr's *National Review* in 1954 generally considered to be the genesis of modern conservatism Drawing on a range of opinion journals *The Forgotten Debate* shows that conflict rather than consensus marked elite attitudes to the Korean War Cash thus reminds us that the divisions in society today have a much longer history than we typically realize The Korean War is often ignored and overshadowed by later developments like the civil rights movement and the Vietnam War but many of our current ideological positions were forged in that forgotten period

American Creed Kathleen D. McCarthy, 2003-05-15 Drawing on extensive research of archives historical journals and newspapers letters and academic studies McCarthy history the Graduate Center of the State U of New York she's director of its Center for the Study of Philanthropy has written a detailed and thoughtful analysis of philanthropy in the US up to the Civil War In the process she defines the mores and trends in American society during eras marked by the struggle for abolition fights against racism and efforts to institute social justice Annotation c 2003 Book News Inc Portland OR booknews.com

The Cold War Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic

developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

Jimmy and Rosalynn Carter E. Stanly Godbold, Jr., 2022 This dual biography of Jimmy and Rosalynn Carter the thirty ninth President and the First Lady chronicles their personal and professional relationships and their business and political successes The second volume of their dramatic story is filled with the emotional and political ups and downs of their lives as they managed a large family attempted to use their presidency to bring peace human rights and justice to all peoples of the world and dedicated the remainder of their long lives to making a safer more caring world

Politics in Theology Gabriel R. Ricci, 2017-07-12 This new volume examines the relationship between religion and politics from a historical perspective Contributors address specific moments in which political governance intersects with religious ideals in dramatic ways These moments question the relationship between religious sentiments and political solutions and threaten to reorder the geopolitical landscape These essays discuss the tensions produced by secularism in an Islamic culture the influence of Catholic theology in workers political movements and how Hinduism has been transformed by the political process Also featured are essays that emphasize how civil religion coincides with constitutional order and how the drama of religious tolerance and legitimization of the power of Christian hierarchy originated in the political power of the Roman emperor This volume is an interdisciplinary effort from up and coming and cutting edge scholars Contents include Something as Yet Unfinished Adam Stauffer Carl Schmitt Leo Strauss and the Necessity of Political Theology Grant N Havers Escape from Theology Peter Grosvenor The Persistence of Civil Religion in Modern Canada John von Heyking The Politicization of Hinduism and the Hinduization of Politics Jeffery D Long Ontology Plurality and Roman Catholic Social Teaching Roland Boer The Pseudo Isidorian Decretals and Church State Conflict Mary Sommar Thomas Aquinas on Providence Prudence and Natural Law Christopher S Morrissey The Mystical Body of Christ and French Catholic Action 1926 1949 W Brian Newsome and Secularism in Turkey Oya Dursun Ozkanca
