The Liberation of the Jew Albert Memmi, 2019-08-15 In this book written after *The Colonizer and the Colonized* and *Portrait of a Jew* Albert Memmi writes It is true that all oppression has a strong tendency to become a total oppression but it is a question of degree and nuance of generalities and accent The specific conditions of each oppression consists precisely of such degrees and particular intonations The Jew is not oppressed as a member of a class which distinguishes him from the proletariat for example Nor is he oppressed as a member of a biological group which distinguishes him from Negroes or women He is affected as a member of a total social cultural political and historical group In other words the Jew is oppressed as a member of a people a minor people a dispersed people a people always and everywhere in the minority which distinguished him from the colonized also oppressed as a people but a people in the majority The Jew must be liberated from oppression and Jewish culture must be liberated from religion This double liberation can be found in the same course of action the fight for the State of Israel *Portrait of a Jew* and *The Liberation of the Jew* form a whole the beginning and the outcome of a passionate quest The first offers a diagnosis the second a remedy Both are written with moving sincerity As a personal document Memmi s introspective study is valuable Thought provoking and disturbing in the best sense of the word it allows us to look into the tormented mind and soul of a distinguished Jewish writer who aspires to live honestly while belonging simultaneously to two worlds His doubts and affirmations carry the weight of testimony Elie Wiesel The New York Times *Portrait of a Jew* and *The Liberation of the Jew* are filled with a Jewish existentialism marked by quest for identity and self affirmation far more psychological and sociological than traditionally religious Richard Locke The New York Times *The Liberation of the Jew* is in large measure a personal record It is a moving record The poignancy of this unique work stems from its being a courageous self analysis by a highly sensitive artist Its confessional honesty is complete Louis Schwartzman Journal of Jewish Education

Jews and Gender in Liberation France K. H. Adler, 2003-08-07 This book takes a new look at occupied and liberated France through the dual prism of race specifically Jewishness and gender core components of Vichy ideology The imagining of liberation and the potential post Vichy state lay at the heart of resistance strategy Their transformation into policy at liberation forms the basis of an enquiry that reveals a society which while split deeply at the political level found considerable agreement over questions of race the family and gender This is explained through a new analysis of republican assimilation which insists that gender was as important a factor as nationality or ethnicity A new concept of the long liberation provides a framework for understanding the continuing influence of the liberation in post war France where scientific planning came to the fore but whose exponents were profoundly imbued with reductive beliefs about Jews and women that were familiar during Vichy

Are the Jews a Race? Karl Kautsky, 1926

Reappraising the History of the Jews in the Netherlands Hans Blom, David J. Wertheim, Hetty Berg, Bart T. Waljet, 2021-09-15 The two decades since the last authoritative general history of Dutch Jews was published have seen such substantial developments in historical understanding that new assessment has become an imperative This volume offers an indispensable survey from a contemporary viewpoint that reflects the new preoccupations of European historiography and allows the history of Dutch Jewry to be more integrated with that of other European Jewish histories Historians from both older and newer generations shed significant light on all eras providing fresh detail that reflects changed emphases and perspectives In addition to such traditional subjects as the Jewish community's relationship with the wider society and its internal structure its leaders and its

international affiliations new topics explored include the socio economic aspects of Dutch Jewish life seen in the context of the integration of minorities more widely a reassessment of the Holocaust years and consideration of the place of Holocaust memorialization in community life and the impact of multiculturalist currents on Jews and Jewish politics Memory studies diaspora studies postcolonial studies and digital humanities all play their part in providing the fullest possible picture This wide ranging scholarship is complemented by a generous plate section with eighty fully captioned colour illustrations

Translated by David McKay *The Holocaust, Israel and 'the Jew'* Evelien Gans, Remco Ensel, 2025-10-01 This book is the first comprehensive study of postwar antisemitism in the Netherlands It focuses on the way stereotypes are passed on from one decade to the next as reflected in public debates the mass media protests and commemorations and everyday interactions The Holocaust Israel and the Jew explores the ways in which old stories and phrases relating to the stereotypical Jew are recycled and modified for new uses linking the antisemitism of the early postwar years to its enduring manifestations in today's world The Dutch case is interesting because of the apparent contrast between the Netherlands famous tradition of tolerance and the large numbers of Jews who were deported and murdered in the Second World War The book sheds light on the dark side of this so called Dutch paradox in manifestations of aversion and guilt after 1945 In this context the abusive taunt They forgot to gas you can be seen as the first radical expression of postwar antisemitism as well as an indication of how the Holocaust came to be turned against the Jews The identification of the Jew with the gas chamber spread from the streets to football stadiums and from verbal abuse to pamphlet and protest The slogan Hamas Hamas all the Jews to the gas indicates that Israel became a second marker of postwar antisemitism The chapters cover themes including soccer related antisemitism Jewish responses philosemitism antisemitism in Dutch Moroccan and Dutch Turkish communities contentious acts of remembrance the neo Nazi tradition and the legacy of Theo van Gogh The book concludes with a lengthy epilogue on the Jew in the politics of the radical right the attacks in Paris in 2015 and the refugee crisis The stereotype of the Jew appears to be transferable to other minorities
