The Battle Of Jutland:

The Battle of Jutland Jon Sutherland, Diane Canwell, 2007-10-06 The Battle of Jutland was the greatest naval engagement of the First World War if not any war Admiral Scheer had adopted a policy of launching attacks against the British coast What he did not know was that the British had broken his naval codes and that they knew of his plans Consequently when Scheer threw his entire fleet in a mission to attack the British mainland in May 1916 he could not know that the Royal Navy at Scapa Flow were underway This is a fresh account of this greatest naval engagement it offers fascinating insight into the events preceding the action the tactics during the battle and the political and military fall out The book draws on released official records and personal accounts Jellicoe failed to ensnare Scheer and the bulk of the German fleet which escaped battered but intact The Germans knew however that despite their great fleet it was the Royal Navy that controlled the North Sea

Distant Victory Daniel A. Butler, 2006-07-30 Distant Victory is an examination of the great sea fight at Jutland that is more than a mere balance sheet of ships sunk and lives lost or an account of which fleet fled before the other Rather it is a retelling of the battle that reveals its long term consequences set in motion by the decisions both the Germans and the British made as a result of each fleet's experience at Jutland While the German High Seas Fleet could claim a tactical victory because it sank more ships and inflicted higher casualties on the Royal Navy's Grand Fleet than the British did to the Germans the British could rightly claim that strategically they won the battle for when it was over the German warships had retreated to the safety of their harbors having failed in their objective of defeating the Grand Fleet in detail For the past nine decades the Battle of Jutland has been history's most hotly debated and least understood naval action Treated usually as a tactical German victory or else as a draw and dismissed as strategically indecisive it has been remembered by historians as for its lost opportunities mistakes and sheer scale the largest naval surface action ever fought and the greatest clash of battleships the world would ever see The Battle of Jutland has never been seen as one of the decisive battles of the First World War

The Battle of Jutland Richard Osborne, 2016-07-31 The Battle of Jutland was the greatest naval engagement of the First World War if not any war Admiral Scheer had adopted a policy of launching attacks against the British coast What he did not know was that the British had broken his naval codes and that they knew of his plans Consequently when Scheer threw his entire fleet in a mission to attack the British mainland in May 1916 he could not know that the Royal Navy at Scapa Flow were underway This is a fresh account of this greatest naval engagement it offers fascinating insight into the events preceding the action the tactics during the battle and the political and military fall out The book draws on released official records and personal accounts Jellicoe failed to ensnare Scheer and the bulk of the German fleet which escaped battered but intact The Germans knew however that despite their great fleet it was the Royal Navy that controlled the North Sea

The Battle of Jutland Geoffrey Bennett, 2015-06-10 The Battle of Jutland At the end of May 1916 a chance encounter with Admiral Hipper's battlecruisers has enabled Beatty to lead the German Battle Fleet into the jaws of Jellicoe's greatly superior force

but darkness had allowed Admiral Scheer to extricate his ships from a potentially disastrous situation Though inconclusive at the Battle of Jutland the German Fleet suffered so much damage that it made no further attempt to challenge the Grand Fleet and the British blockade remained unbroken Captain Bennett has used sources previously unavailable to historians in his reconstruction of this controversial battle including the papers of Vice Admiral Harper explaining why his official record of the battle was not published until 1927 and the secret Naval Staff Appreciation of 1922 whose criticism were so scathing that it was never issued to the Fleet Also included are numerous battle plans photographs and an introduction by Bennett's son

2006 is the 90th anniversary of the battle Skagerrak Gary Staff, 2016-05-04 In January 1916 Vice Admiral Scheer took command of the High Sea Fleet This aggressive and pugnacious leader embarked upon a vigorous offensive program which culminated in the greatest clash between dreadnought capital ships the world had seen Although outnumbered almost two to one Vice Admiral Scheer conducted a provocative operation on 31 May 1916 Who would prevail the massive preponderance of British heavy calibre cannon or the aggressive tactics of the street fighter Scheer Manning the ships of both sides were the technically skilled and talented seamen who were prepared to carry out their duties loyally and courageously until the very end Over 8 500 men perished in less than 10 hours of fighting a horrendous loss even by World War One standards This book gives voice to many of the German Navy participants from a German perspective on this tumultuous battle fought over 100 years ago These men gave their all and are gone now but not forgotten **The Battle of Jutland** Eugene L. Rasor, 1992

the story of the battle from both a British and German perspective based on the latest research but also helps clarify the context of Germany's inevitable naval clash and the aftermath after the smoke had cleared

The Battle of Jutland John Brooks, 2016-05-09 A major new account of the Battle of Jutland based on contemporary sources examining the influence of technology tactics and leadership

The Battle of Jutland Holloway Frost, 2015-11-25 A century on from the Great War there are still many lessons historians and military tacticians can learn from In one of the most penetrating accounts of any battle of the war Holloway H Frost presents a minute by minute account of the sea battle of Jutland 1916 the greatest naval battle of modern times as he describes it Researched until his death in 1935 Frost places the story of the battle in the overall context of World War I and in British naval history Far from asserting its dominance the British navy was beginning to adopt a more negative approach and Jutland was a key outlining of this philosophy given the British could have been more positive in their attacks Before the battle exchanges from the air show that the German airships were expert at scouting and bombing but at little else as they attempted to bomb British ships on the waters below Operations on April 25 and May 4 prompted much discussion of the attacks on German airship hangars and setting traps led by Commander Jellicoe in the run up to May 31 the day of battle The British had no unified system of tactical command which meant they more or less had two fleets operated independently of one another The Germans led by Scheer had a chance to test a fleet that had been assembled at great expense and earn a fabled early victory in the war Frost is complimentary of their cohesion courage self sacrifice and loyalty and the morale boost the battle had on Germany's troops on land Frost gives equal time and criticism to the affairs of both sides concluding that Jellicoe executed a poor conception of war excellently while Scheer executed an excellent conception of war poorly At Jutland the British ships had a geographical advantage At stake was the naval command of the Baltic Sea and potential alliance with Russia cutting off German supplies from Sweden and forcing them to break into their reserves The battle was full of errors in communication and missed opportunities to capitalise on good positions which Frost describes with precise details He lays bare the importance of accurate information in transmissions between ships complete definite articles to denote the enemy He also refutes any idea that submarines played a role in the battle even though many of the participants imagined them to be present Submarines would replace above water vessels in future naval conflicts There can be no more comprehensive account of one particular sea battle and for this reason Frost's account stands as an accurate and balanced picture Holloway H Frost served in the US Navy rising to Assistant Chief of Staff Commander Naval Forces Operating in European waters and then onto Commander He served on board several vessels commanding the USS Toucey and navigator of the USS California He taught at the Army War College in Washington He was awarded the Navy Cross for services to the forces in particular the development of the tactics of surface vessels and aircraft in combined operations against submarines He died in 1935 and his book on the Battle of Jutland was published posthumously Albion Press is an imprint of Endeavour Press the UK's leading independent digital publisher For more information on our titles
