We Shook Up the World Tracy Daugherty, 2024-04-30 George Harrison met Muhammad Ali in 1964 when both men were on the cusp of worldwide fame Ten years later the two men simultaneously staged comebacks demonstrating just how much they embodied the promises and perils of their era In doing so Tracy Daugherty suggests they revealed the scope and the limits of political courage and commitment to faith in the modern world We Shook Up the World is the story of these two larger than life figures at a momentous time A unique blend of biography and cultural history this book goes to the very heart of the zeitgeist that each man inhabited and reinvented in

profound and enduring ways In 1974 deep in the Pennsylvania woods thirty two year old Muhammad Ali was seeking renewal training to regain his heavyweight boxing title in a fight with George Foreman and exploring questions about his politics his career and his life Meanwhile George Harrison was thirty one years old With the Beatles disbanded his marriage ending and the loss of his mother still fresh he traveled to India to revitalize his faith energy and musical spirit seeking renewal at the Hindu holy city of Varanasi In contemplating how these two complex figures managed to carry the cultural rebelliousness and spiritual yearning of the 1960s into a new era of cataclysmic political economic and social change *We Shook Up the World* offers an intimate perspective on two outsize figures in the nation s and the world s cultural history and a new understanding of their unique contributions to the consciousness of their time and ours *The Long and Winding Road from Blake to the Beatles* M. Schneider,2008-06-23 This book traces the musical and cultural achievements of this contemporary musical phenomenon to its origin in the Romantic revolution of the 1790 s in England when traditional concepts of literature politics education and social relationships were challenged as they were in the 1960 s *Speaking Words of Wisdom* Michael McGowan,2024-06-25 More popular than Jesus Despite the uproar it caused in America in 1966 John Lennon s famous assessment of the Beatles vis vis religion was not far off The Beatles did mean more to kids than the religions in which they were raised not only in America but everywhere in the world By all accounts the Beatles were the most significant musical group of the twentieth century Their albums sold in the hundreds of millions and the press was always eager to document their activities and perspectives And when fan appreciation morphed into worship Beatlemania took on religious significance Many young people around the world began to look to the Beatles their music their commentary their art for meaning in a turbulent decade *Speaking Words of Wisdom* is a deep dive into the Beatles relationship to religion through the lenses of philosophy cultural studies music history and religious studies Chapters explore topics such as religious life in Liverpool faith among individual band members why and how India entered the Beatles story fan worship deification and the Beatles long lasting legacy In the 1960s the Beatles facilitated a reevaluation of our deepest values The story of how the Beatles became modern day sages is an important case study for the ways in which consumers make culturally and religiously significant meaning from music people and events In addition to the editor the contributors to this book include David Bedford Kenneth Campbell John Covach Melissa Davis Anthony DeCurtis Mark Duffett Scott Freer Murray Leeder Sean MacLeod Grant Maxwell Christiane Meiser and Eyal Regev **Joel Whitburn's Top Pop Albums, 1955-1996** Joel Whitburn,1996 Book **The Beatles Anthology** The Beatles,2000-09 Includes primary source material in the form of photographs transcripts etc *The Beatles' Story on Capitol Records* ,2000 **The Beatles as Musicians : Revolver through the Anthology** Walter Everett Associate Professor of Music in Music Theory University of Michigan,1999-03-31 Given the phenomenal fame and commercial success that the Beatles knew for the entire course of their familiar career their music per se has received surprisingly little detailed attention Not all of their cultural influence can be traced to long hair

and flashy clothing the Beatles had numerous fresh ideas about melody harmony counterpoint rhythm form colors and textures Or consider how much new ground was broken by their lyrics alone both the themes and imagery of the Beatles poetry are key parts of what made and still makes this group so important so popular and so imitated This book is a comprehensive chronological study of every aspect of the Fab Four s musical life including full examinations of composition performance practice recording and historical context during their transcendent late period 1966 1970 Rich authoritative interpretations are interwoven through a documentary study of many thousands of audio print and other sources
