The Beginnings Of Christology A Study In Its Problems:

The Beginnings of christology Willi Marxsen, 1969 **A Guide to Contemporary Hermeneutics** Donald K. McKim, 1999-05-25 Acknowledging that hermeneutics has become an increasingly important major focus in theological study Donald McKim's *A Guide to Contemporary Hermeneutics* presents a series of essays by various writers assessing current hermeneutical approaches and methods of biblical hermeneutics from their own personal experience **Life of Jesus research** Evans, 2019-07-01 *Life of Jesus Research* offers students and scholars annotated bibliographies for all of the major areas of critical scholarship in the historical Jesus providing complete bibliographical information annotations and brief introductions to the various subjects The work is an indispensable tool for research in this important field of study **The Incarnation of God** Hans Küng, 1987-01-01 This work introduces the English speaking reader to the theoretical foundations of Kng's popular works an indispensable prolegomena for every future Christology **Origins and Method--Towards a New Understanding of Judaism and Christianity** Bradley H. McLean, 1993-09-01 This collection of essays is presented in honour of John C Hurd on the occasion of his retirement as Professor of New Testament at Trinity College Toronto and in recognition of a distinguished career in the fields of Pauline studies and computing in the humanities Given Professor Hurd's interest in Christian origins and methodology it is appropriate that the contributors to this volume deal with the origin and development of various aspects of Judaism and Christianity In particular they highlight how a greater attentiveness to method has resulted in a reshaping of our understanding of Christianity or Judaism The volume is divided into three parts New Understandings of Paul New Understandings of the New Testament and New Understandings of the Relationship between Judaism and Christianity Contributors include Walter Aufrecht Karl Donfried Robert Grant John Kloppenborg Gerd Ludemann and Wayne McCready *A Myth of Innocence* Burton L. Mack, 1991 This imaginative book is not just a study of the Gospel of Mark but of primitive Christianity in all its variegated forms for which it represents a new paradigm It deserves serious reflection and discussion at several levels in a variety of contexts by quite diversified discussion partners James M Robinson Professor Emeritus Claremont Graduate University This is an epic making work because it turns scholarship on its head Mack asks questions not about origins but about social meaning The entire conception of what we want to know why we want to know it and how we shall find it out is new and compelling Jacob Neusner Bard College *A Myth of Innocence* is the most penetrating historical work on the origins of Christianity written by an American scholar in this century Its strikingly innovative feature is the recombination of literary and social histories and the placement of diverse Jesus movements into their respective social contexts Werner H Kelber *The Catholic Biblical Quarterly* *The Content and the Setting of the Gospel Tradition* Mark Harding, Alanna Nobbs, 2010-10-22 Editors Mark Harding and Alanna Nobbs have here brought together the internationally recognized scholarly excellence of Macquarie University faculty and associates to provide a major contribution to the study of the content and environment of the New Testament Gospels Few books in current New

Testament scholarship seriously tackle its social setting and textual tradition beyond a chapter or two The Content and Setting of the Gospel Tradition integrates the texts with the literary social and historical context in which they were written

The Origins of Christian Faith Terrance Callan, 1994 The Origins of Christian Faith is a scholarly treatment of first century evidence of the beginnings of Christian faith Professor Callan carefully analyzes the different layers of New Testament tradition to discover how the first Christian communities grew step by step in their understanding of the mystery of Jesus as the Christ He explains historically each foundational level on which our Christian faith rests The result is the story of the early church's development of its faith in Jesus

Authenticating Criteria in Jesus Research and Beyond Kevin B. Burr, 2023-10-16 Are the criteria of authenticity of Jesus research idiosyncratic to New Testament studies vehicles of subjectivity and fundamentally flawed vestiges of form criticism as some claim today If so why do opponents of the criteria approach still use them Or are the criteria the tools of general historiography as others assert If true none have adequately demonstrated where and how principles such as multiple attestation general and historical coherence dissimilarity and embarrassment feature in general historiographic method until now This study analyzes the methods of general historians and Jesus researchers who favor or oppose the criteria and demonstrates that regardless of sub discipline authenticating criteria are inherent to the practice of historiography

Life of Jesus Research Craig A. Evans, 1996 This volume offers annotated bibliographies for all the major areas of critical scholarship in the historical Jesus It is an indispensable tool for research in this important field of the study

Theory and Method in the Study of Religion, 2013-09-26 Theory and Method are two words that cause considerable consternation in the academic study of religion Although everyone claims to be aware of and to engage them the fact of the matter is that they remain poorly understood Some see the terms as irritants that get in the way of data interpretation and translation Others may invoke them sporadically to appear in vogue but then return quickly and myopically to their material and with little concern for the larger issues that such terms raise To

contribute to these debates the present volume reproduces select articles from Method and Theory in the Study of Religion MTSR from the first 25 volumes of the journal and allows a group of younger scholars to introduce and review them asking if the issues raised are still relevant to the field Contributors include Matt Sheedy Robert A Segal James B Apple Neil McMullin Rebekka King Russell McCutcheon Craig Martin Donal Wiebe Emma Cohen Robert N McCauley E Thomas Lawson Steven Engler Mark Q Gardiner Bruce Lincoln Sarah E Rollens Burton Mack Yasmin Merchant Herb Bergh Jennifer Hall Darlene Juschka Ella Paldam and Armin Geertz

Hultgren,2004-07-05 More than fifty years ago Walter Bauer s Orthodoxy and Heresy in Earliest Christianity undercut the traditional views on the making of orthodox Christianity by arguing that in several geographic areas heresy preceded orthodoxy Subsequently the ancient documents discovered at Nag Hammadi proved that early Christianity was tremendously diverse These influences have given rise to the notion that the various gnostic interpretations are mere alternatives to more traditional interpretations of Jesus and his significance Using a focused but broad definition of normative Christianity Hultgren contends that such a tradition originated at the very beginnings of the Christian movements developed and came to dominate as the most adequate expression of Jesus legacy Normative Christianity a stream as wide as the New Testament canon forged a coherence between confession of faith and community ethos that could endure and was the basis for later orthodoxy **The Quest for the Plausible Jesus** Gerd Theissen,Dagmar Winter,2002-01-01 Should the dissimilarity between Jesus and early Christianity or between Jesus and Judaism be the central criteria for the historical Jesus Gerd Theissen and Dagmar Winter argue that the criterion of dissimilarity does not do justice to the single most important result of more than two hundred years of Jesus research that the historical Jesus belongs to both Judaism and Christianity The two authors propose a criterion of historical plausibility so that historical phenomenon under question can be considered authentic so long as it can be plausibly understood in its Jewish context and also facilitates a plausible explanation for its later effects in Christian history This book is a cooperative project between Dagmar Winter and Gerd Theissen and represents the fruit of many years of their research on the historical Jesus The Son of Man Debate Delbert Burkett,2000-01-13 The expression Son of Man used in the Gospels almost exclusively by Jesus has been the object of intensive study since the Protestant Reformation yet scholars have come to no agreement on its origin or meaning Research in this area has been described as a veritable mine field and a can of worms Because of the scope and complexity of the literature no comprehensive survey of the subject has been written in the twentieth century Delbert Burkett s book fills this need It provides a comprehensive historical overview of the debate from the patristic period to 1996 and gives an evaluation of that research and a summation of the present state of the question Burkett concludes that despite

nineteen centuries of Son of Man study there is no consensus concerning the meaning or origin of the expression the debate is therefore a prime example of the limits of New Testament scholarship *The Bible in Theology and Preaching* Donald K. McKim,1999-05-05 **Criteria for Authenticity in Historical-Jesus Research** Stanley E. Porter,2004-10-19 Historical Jesus research continues to captivate the interests of scholars and recently there has been renewed discussion of the criteria for authenticity The first half of this volume reviews the state of play in historical Jesus research and examines the criteria in particular One chapter is devoted to the so called Quests and a second critically charts the development of the criteria in the light of form criticism One of the conclusions of this part of the volume is that several criteria especially those based on linguistics need re evaluation The second half of the volume proposes three new criteria based upon use of the Greek language These criteria are Greek language and its context textual variance and discourse features The criteria are proposed as a way forward in historical Jesus research The Elusive Presence Samuel Terrien,2000-03-09 A study of the presence of God throughout biblical history **The Christian Church** Hans Schwarz,2007-04-01 With thoroughness and clarity Hans Schwarz presents a historical and systematic understanding of the church its worship and piety its traditions and doctrines its forms and structures This skilled assessment outlines the impact of the church today and analyzes its prospects for the future Christian Dogmatics Carl E.
