The Law of the Land Emerson Hough, 1904 Ah but it was a sweet and wonderful thing to see Miss Lady dance a strange and wondrous thing She was so sweet so strong so full of grace so like a bird in all her motions Now here now there and back again her feet scarce touching the floor her loose skirt held out between her dainty fingers resembling wings she swam through the air up and down the room of the old plantation house as though she were indeed the creature of an element wherein all was imponderable light and free of hampering influences Darting nodding beckoning courtesying to something that she saw it must have moved you to applause had you seen Miss Lady dance You might have been restrained by the feeling that this was almost too unreal too unusual this dance of the young girl all alone in front of the great mirror which faithfully gave back the passing flying figure line for line flush for flush one bosom heave for that of the other Yet the tall white lilies in the corner saw and the tall white birds one on each side of the great cheval glass saw also but fluttered not since a lily and a stork and a maiden may each be tall and white and each may understand the other subtly Miss Lady stood at length tall and white her cheeks rosy withal her blown brown hair pushed back a bit one hand lightly resting on her bosom looking looking into the mirror asking of it some question getting indeed from it some answer an answer embodying perhaps all that youth may mean all that the morning may bring For now

the sun of the South came creeping up apace and saw Miss Lady as it peered in through the rose lattice whereon hung scores of fragrant blossoms A gentle wind of morning stirred the lace curtains at the windows and touched Miss Lady's hair as she stood there asking the answer of the mirror It was morning in the great room morning for the southern day morning for the old plantation whose bell now jangled faintly and afar off morning indeed for Miss Lady who now had ceased in her self absorbed dance At this very moment as she stood gazing into the mirror with the sunlight and the roses thus at hand one might indeed have sworn that it was morning for ever over all the world Miss Lady stood eager fascinated before the glass and in the presence of the tall flowers and the tall birds saw something which stirred her felt something which came in at the window out of the blue sky and from the red rose blossoms on the warm south wind Impulsively she flung out her arms to the figure in the glass Perhaps she felt its beauty and its friendliness And yet an instant later her arms relaxed and sank she sighed knowing not why she sighed

A groundbreaking history of fengshui's roles in public life and law during China's last imperial dynasty Today the term fengshui which literally means wind and water is recognized around the world Yet few know exactly what it means let alone its fascinating history In *Laws of the Land* Tristan Brown tells the story of the important roles especially legal ones played by fengshui in Chinese society during China's last imperial dynasty the Manchu Qing 1644-1912 Employing archives from Mainland China and Taiwan that have only recently become available this is the first book to document fengshui's invocations in Chinese law during the Qing dynasty Facing a growing population dwindling natural resources and an overburdened rural government judicial administrators across China grappled with disputes and petitions about fengshui in their efforts to sustain forestry farming mining and city planning *Laws of the Land* offers a radically new interpretation of these legal arrangements they worked An intelligent considered and sustained engagement with fengshui on the ground helped the imperial state keep the peace and maintain its legitimacy especially during the increasingly turbulent decades of the nineteenth century As the century came to an end contentious debates over industrialization swept across the bureaucracy with fengshui invoked by officials and scholars opposed to the establishment of railways telegraphs and foreign owned mines Demonstrating that the only way to understand those debates and their profound stakes is to grasp fengshui's longstanding roles in Chinese public life *Laws of the Land* rethinks key issues in the history of Chinese law politics science religion and economics

The Land is the Source of the Law C.F. Black, 2010-10-04 *The Land is the Source of Law* brings an inter jurisdictional dimension to the field of indigenous jurisprudence comparing Indigenous legal regimes in New Zealand the

USA and Australia it offers a dialogical encounter with an Indigenous jurisprudence in which individuals are characterised by their rights and responsibilities into the Land Though a relatively new field indigenous jurisprudence is the product of the oldest continuous legal system in the world Utilising a range of texts films novels poetry as well as law stories CF Black blends legality and narrative in order to redefine jurisprudentia in indigenous terms This re definition gives shape to the jurisprudential framework of the book a shape that is not just abstract but physical and metaphysical a shape that is circular and concentric at the same time The outer circle is the cosmology so that the human never forgets that they are inside a universe a universe that has a law This law is found in the second circle which whilst resembling the ancient Greek law of physis is a law based on relationship This is a relationship that orders the placing of the individual in the innermost circle and which structures their rights and responsibilities into the land The jurisprudential texts which inform the theoretical framework of this book bring to our attention the urgent message that the Djang primordial energy is out of balance and that the rebalancing of that Djang is up to the individual through their lawful behaviour a behaviour which patterns them back into land Thus The Land is the Source of the Law concludes not only with a diagnosis of the cause of climate change but a prescription which offers an alternative legal approach to global health
