The Leaf A Novel Of Alchemy:

The Leaf Frank McGillion,2001-08-23 The Leaf is a story based on the traditional Faustian theme It describes how the intuitive Elizabeth and the rational John interact when brought together in a seemingly promising union thats destined to end tragically Neither appreciates that the dark hand of fate is at work in their lives having been set in motion by Elizabeths father a spiritually broken cleric and secret practitioner of an arcane art This is a work of literary fiction that attempts to be innovative in style not only by portraying its characters conflicts in traditional form but also in terms of events external to them and by describing these in carefully crafted language A respected Literary Reader has described The Leaf as A stunning piece of literature In short it is a highly structured work that seeks to directly engage the reader through its unorthodox use of language and its compelling and thematic storyline

Blinded by Starlight Frank McGillion,2003-02-05 For centuries notions such as the transformation of base into precious metals an accord between humans and planets the existence of an elixir of life or prediction of the date of death have been on the outermost fringes of science So too have aspects of an art critical to western thought what the Greeks termed astronomia an amalgam of astronomy and astrology In Blinded By Starlight Dr Frank McGillion demonstrates how by reference to modern scientific studies into the pineal gland such assertions are perilously close to being shown to be to a greater or lesser extent true

Shepherd (of 32, Russell Square.),1816 The Rose Cross and the Age of Reason Christopher McIntosh,2012-01-02 This new edition of Christopher McIntosh s classic book on the Golden and Rosy Cross order is eagerly awaited The order stands out as one of the most fascinating and influential of the high degree masonic and illuminist groups that mushroomed in Europe from the 18th century onward Active mainly in the German speaking lands it recast the original Rosicrucian vision and gave it renewed vitality At one point it became politically influential when the Prussian King Frederick William II was a member of the order Historians have often perceived the Golden and Rosy Cross as having had a conservative anti Enlightenment agenda but this study drawing on rare German sources shows that the matter was more complex The members of the order practiced alchemy and operated a degree system that was later imitated by later orders such as the Golden Dawn Like the latter the Golden and Rosy Cross exerted a wide and enduring cultural influence Both the alchemy of the order and its powerful ritual system are insightfully described in Christopher McIntosh s clear and compelling style
