Edward MacDowell was born on the eve of the Civil War into a Quaker family in lower Manhattan where music was a forbidden pleasure With the help of Latin American migr teachers he became a formidable pianist and composer spending twelve years in France and Germany establishing his career Upon his return to the United States in 1888 he conquered American audiences with his dramatic Second Piano Concerto and won his way into their hearts with his poetic Woodland Sketches Columbia University tapped him as their first professor of music in 1896 but a scandalous row with powerful university president Nicholas Murray Butler spelled the end of his career MacDowell died a broken man four years later but his widow Marian kept his spirit alive through the MacDowell Colony which she founded in 1907 in their New Hampshire home and which is today the oldest and one of the most influential thriving artist colonies in the the United States Drawing on private letters that were sealed for fifty years after his death this biography traces MacDowell s compelling life story with new revelations about his Quaker childhood his efforts to succeed in the insular German music world his mysterious death and his lifelong struggle with Seasonal Affective Disorder Edward MacDowell s story is a timeless tale of human strength and weakness set in one of the most vibrant periods of American musical history when optimism about the country s artistic future made anything seem possible Edward MacDowell John F. extensive MacDowell's place in music began to fade after his untimely and tragic death in 1908 and his music and reputation has since suffered a certain neglect Alan Levy's biography is the first full length work on MacDowell and draws extensively on personal papers and letters largely closed from public access until recently Levy challenges the omission of MacDowell from most musical histories and returns the spotlight to this long overlooked composer Levy covers MacDowell's early life and schooling in New York his musical studies in France and Germany and his emergence as a keyboard artist and composer From there the biography moves on to MacDowell's successful career in Boston and in Peterboro New Hampshire Levy concludes with MacDowell's tenure as the first Professor of Music at Columbia University and his untimely decline and death There is also discussion of Marian MacDowell's successful establishment of the MacDowell Colony for Artists which continues to the present day Alan Levy elegantly captures the story of this composer who enjoyed musical talent and relative popular success during his lifetime He brings together a great deal of otherwise inaccessible information and material on a somewhat muted voice in American Music History *Edward MacDowell; a Great American Tone Poet, His Life and Music* John F.
