The Life Of Eknath:

Eknath Mahīpati,1927 **Krishna in History, Thought, and Culture** Lavanya Vemsani,2016-06-13 Krishna is a central figure in Hinduism a religion that has been a fundamental force for thousands of years This accessible encyclopedia covers texts practices scholarship and arts related to Krishna from the earliest known sources on As Eastern religions and related practices such as yoga become increasingly popular there is a need for resources that explain where these practices come from and what they mean This is one of those works Krishna is central to Hindu philosophy theology art architecture and literature and an understanding of Krishna will give students greater understanding of the role of Hinduism around the world Yet this isn t just a book on religion The encyclopedia also provides insights into Indian and world history and into contemporary concerns fostering respect for religious and cultural diversity Entries on a wide range of subjects related to Krishna cover India and other places where major Krishna religious centers and temples are established worldwide Articles draw from classical Indian sources dating back as far as 1300 BCE and from folk and worldwide literature including mythology from Jainism and Buddhism The book s alphabetical organization cross references in each entry that highlight related entries and further readings and topical and thematic lists will facilitate in depth research **The Poet-saints of Mahārāshtra** ,1927 **The Life of Eknāth** Justin E. Abbott,1997-01-01 *Bhikshugita, the Mendicant's Song* Ekanātha,1928 *A Comprehensive History of Medieval India* Salma Ahmed Farooqui,2011 Presents a consolidated timeline of medieval India by taking into account the period that marked the end of ancient India and focusing on the importance of the transitory centuries when Delhi had begun to surface as the new power center triggering prominent trends in thought and institutions This book analyzes the nature of social forces complexity of causation and the interdependence of change and continuity in the light of the crucial transition from ancient to early medieval India with the emergence of the Delhi Sultanate and the Vijayanagar Bahmani kingdoms Proceeding to detail the most effervescent period in Indian history the era of the great Mughals the text provides an insight into the ideological philosophical basis of the times focusing on the Sufi and Bhakti movements and culminates with the rise of the Marathas the advent of European companies and the eventual establishment of the British in Bengal keeping in mind that the history of medieval India has not moved in a linear fashion and that much of the period saw phases of expansion and realignment of political attributes this book contributes to a deeper understanding of the much misread period of Indian history with a view that takes into account the resultant interface between the political social economic religious and cultural elements and devotes to this crucial period the attention it deserves Dattatreya: The Immortal Guru, Yogin, and Avatara Antonio Rigopoulos,1998-04-02 Presents the multi faceted Hindu deity Dattatreya from his Puranic emergence to modern times This book presents the multi faceted Hindu deity Dattatreya from his Puranic emergence up to modern times Dattatreya s Brahmanical portrayal as well as his even more archaic characterization as a Tantric antinomian figure combines both Vaisnava Saiva motifs Over the course of time

Dattatreya has come to embody the roles of the immortal guru yogin and avatara in a paradigmatic manner From the sixteenth century Dattatreya s glorious characterization emerged as the incarnation of the trimurti of Brahma Visnu and Siva Although Maharashtra is the heartland of Dattatreya devotion his presence is attested to throughout India and extends beyond the boundaries of Hinduism being met with in Sufi circles and even in Buddhism and Jainism via Nathism The scarce attention which most Western scholars of Indian religions have paid to this deity contrasts with its ubiquitousness and social permeability Devotion to Dattatreya cuts through all social and religious strata of Indian society among his adepts we find yogis Brahmans faqirs Devi worshippers untouchables thieves and prostitutes This book explores all primary religious dimensions myth doctrine ritual philosophy mysticism and iconography The comprehensive result offers a rich fresco of Hindu religion as well as an understanding of Marathi integrative spirituality precisely this complexity of themes constitutes Dattatreya s uniqueness I learned a great deal from this book Although I had known about Dattatreya as an important figure in Hinduism I had never realized the richness and complexity of this truly Protean deity As Rigopoulos notes Dattatreya has been largely neglected by scholars and this book makes you wonder why since he is so intriguing I suspect that this will become a classic in its area since there really is no comparable work which does so much relating to Dattatreya In a way to read the history of Dattatreya as presented by Rigopoulos is to engage the history of Hinduism Virtually all of the major historical phases and issues are there from the Vedic period up to the last decade Glen Hayes Bloomfield College
