On the Character of Sir John Falstaff James Orchard Halliwell, 2015-07-20 Excerpt from On the Character of Sir John Falstaff As Originally Exhibited by Shakespeare in the Two Parts of King Henry IV The object of the following pages is to endeavour to place in a clearer light a question which has been frequently discussed but still left in considerable obscurity In the earlier ages of Shakespearian criticism it appears to have been taken for granted that the character of Falstaff was intended to represent a person equally historical with the other dramatis personae and the absurd notion that its prototype was Sir John Fastolf appears to be hardly yet exploded In the present tract I have endeavoured to establish what appears to me an important fact connected with this subject and I have fortunately been enabled to illustrate it with several documents and passages from rare books which have escaped the researches of former critics I have taken the opportunity of publishing a few notes relating to Shakespeare but not immediately connected with the subject of this essay
