Choice Elaine Showalter,1991 *Black American Women's Writings* Eva Lennox Birch,2016-07-01 This work discusses a range of novels short stories and essays by black American women writers from the Harlem Renaissance to the present time It begins with a survey of 19th century black women s slave narratives early sentimental novels and autobiographies and then focuses on six writers Zora Neale Hurston Paule Marshall Audre Lorde Toni Morrison Alice Walker and Maya Angelou The text shows how these writers have developed the preoccupations themes and narrative strategies of their literary ancestors **Auto-poetica** Darby Lewes,2006-01-01 The nineteenth century Kunsterroman self consciously addresses the devices of fiction and in doing so tends toward irony and self reflection and prefigures postmodernism A work of art written about an artist creating a work of art is in a sense a novel in which the author is a character The essays in this collection examine the work of major nineteenth century authors that attempted to merge fiction and reality into a unified whole These novels paved the way for postmodernists who would use the artist novel to self consciously focus on the genre s particular conventions to parody those conventions in order to accentuate the work s fictionality and to expose the oppositions between fiction and reality This collection thus reveals not only material concerns but the underlying anxieties drives and joys which are so profoundly linked to the creative process **The Degradation of American History** David Harlan,2009-02-15

American historical writing has traditionally been one of our primary forms of moral reflection However David Harlan argues that in the disillusionment following the 1960s history abandoned its redemptive potential and took up the methodology of the social sciences In this provocative new book Harlan describes the reasons for this turn to objectivity and professionalism explains why it failed and examines the emergence of a New Traditionalism in American historical writing Part One The

Legacy of the Sixties describes the impact of literary theory in the 1970s and beyond the rise of women's history the various forms of ideological analysis developed by historians on the left and the crippling obsession with professionalism in the 1980s Part Two The Renewal of American Historical Writing focuses on the contributions of John Patrick Diggins Hayden White Richard Rorty Elaine Showalter Henry Louis Gates Jr and others Harlan argues that at the end of the twentieth century American historical writing is perfectly poised to become what it once was not one of the social sciences in historical costume but a form of moral reflection that speaks to all Americans A wholly admirable work This book will be talked about for years Library Journal

Archaeologies of an Uncertain Future Karen McPherson, 2006-12-15 An apocalyptic vision of planetary self destruction provided the context for many late twentieth century narratives Women writers from Quebec and English Canada including Margaret Atwood Madeleine Ouellette Michalska Madeleine Gagnon Betsy Warland Marie Claire Blais and Nicole Brossard redefined their relationship to time and narrative in order to tell a different perhaps more hopeful story Using archaeology as a trope and a methodology Karen McPherson's critical excavations of these women's writings pose questions about loss and mourning survival and witnessing devastation and writing remembering and imagining

Torsney, Judy Elsley, 1994 As a blanket a commemorative covering and a work of art the quilt is a nearly universal cultural artifact In recent years it has been recognized as one of our most compelling symbols of cultural diversity and the power of women In this collection Cheryl B Torsney and Judy Elsley bring together eleven provocative essays on the quilt as metaphor in literature history politics and philosophy This interdisciplinary approach makes *Quilt Culture* an extraordinarily rich exploration of a cultural artifact whose meaning is far more complex than that of a simple bed covering Publishers website

Shakespeare and the Nature of Women Juliet Dusinberre, 1996-06-12 *Shakespeare and the Nature of Women* was the first full length feminist analysis of the plays of Shakespeare and his contemporaries ushering in a new era in research and criticism Its arguments for the feminism both of the drama and the early modern period caused instant controversy which still engrosses scholars Dusinberre argues that Puritan teaching on sexuality and spiritual equality raises questions about women which feed into the drama where the role of women in relation to authority structures is constantly renegotiated Using a critical language which predates Foucault and other major theorists *Shakespeare and the Nature of Women* argues that Renaissance drama highlights ways in which the feminine and the masculine are socially constructed The presence of the boy actor on stage created an awareness of gender as performance now crucial to contemporary feminist thought *Shakespeare and the Nature of Women* claimed for women a right to speak about the literary text from their own place in history and culture The author's Preface to the second edition traces contemporary developments in feminist scholarship which still wrestles with the book's main thesis Renaissance feminism feminist Shakespeare Charles Brockden Brown Jeffrey Andrew Weinstock, 2011-07-15 This study of the works of late eighteenth century American Gothic author Charles

Brockden Brown argues that Brown was a seminal figure in the development of four forms of Gothic fiction the Frontier Gothic the Urban Gothic the Psychological Gothic and the Female Gothic Driving Women Deborah Clarke,2007-04-15

Elizabeth Stoddard & the Boundaries of Bourgeois Culture Lynn Mahoney,2004-01-15 Elizabeth Stoddard and the Boundaries of Bourgeois Culture traces Stoddard s emergence as a writer in the 1850s her conflict ridden relationships with the writers associated with the genteel tradition and her efforts to negotiate the boundaries of Victorian culture in the United States While in many ways a critic of nineteenth century bourgeois culture Stoddard remained in other ways an adherent her

work was not a rejection of bourgeois culture but a reworking of it which suggests that bourgeois culture was not as monolithic as later critics believed Recovering the richness and possibility that characterized early Victorian writing this book examines the range of literary expression which had existed at mid century a period that boasts some of American literature s most iconoclastic voices *Waking Sleeping Beauty* Roberta S. Trites, 1997-06-01 The Sleeping Beauty in Roberta Seelinger Trites intriguing text is no silent snoozer passively waiting for Prince Charming to energize her life Instead she wakes up all by herself and sets out to redefine the meaning of happily ever after Trites investigates the many ways that Sleeping Beauty s newfound voice has joined other strong female voices in feminist children s novels to generate equal potentials for all children Waking Sleeping Beauty explores issues of voice in a wide range of children s novels including books by Virginia Hamilton Patricia MacLachlan and Cynthia Voight as well as many multicultural and international books Far from being a limiting genre that praises females at the expense of males the feminist children s novel seeks to communicate an inclusive vision of politics gender age race and class By revising former stereotypes of children s literature and replacing them with more complete images of females in children s books Trites encourages those involved with children s literature teachers students writers publishers critics librarian booksellers and parents to be aware of the myriad possibilities of feminist expression Roberta Trites focuses on the positive aspects of feminism on the ways females interact through family and community relationships on the ways females have revised patriarchal images and on the ways female writers use fictional constructs to transmit their ideologies to readers She thus provides a framework that allows everyone who enters a classroom with a children s book in hand to recognize and communicate with an optimistic reality based sense of happily ever after the politics and the potential of that book
