Sites of International Memory Glenda Sluga, Kate Darian-Smith, Madeleine Herren, 2023-08-08 Whether we think of statues plaques street names practices material or intangible forms of remembrance the language of collective memory is everywhere installed in the name of not only nations or even empires but also an international past The essays in *Sites of International Memory* address the notion of a shared past and how this idea is promulgated through sites and commemorative gestures that create or promote cultural memory of such global issues as wars genocide and movements of cross national trade and commerce as well as resistance and revolution In doing so this edited collection asks Where are the sites of international memory What are the elements of such memories of international pasts and of internationalism How and why have we remembered or forgotten sites of international memory Which elements of these international pasts are useful in the present Some contributors address specific sites and moments World War II

liberation movements in India and Ethiopia commemorations of genocide while other pieces concentrate more on the theoretical on the idea of cultural memory UNESCO's presence looms large in the volume as it is the most visible and iconic international organization devoted to creating critical heritage studies on a world stage Formed in the aftermath of World War II UNESCO was instrumental in promoting the idea of a humanity that exists beyond national regional or cultural borders or definitions Since then UNESCO's diplomatic and institutional channels have become the sites at which competing notions of international world and human communities have jostled in conjunction with politically specific understandings of cultural value and human rights This volume has been assembled to investigate sites of international memory that commemorate a past when it was possible to imagine identify and invoke international ideas institutions and experiences in diverse historically situated contexts Contributors Dominique Biehl Kristal Buckley Roland Burke Kate Darian Smith Sarah C Dunstan David Goodman Madeleine Herren Philippa Hetherington Rohan Howitt Alanna O'Malley Eric Paglia Glenda Sluga Sverker Sörlin Carolien Stolte Beatrice Wayne Ralph Weber Jay Winter *The Great War and Memory in Central and South-Eastern Europe* Oto Luthar, 2016-03-21 This volume presents a series of chapters about the Great War and memory in Central and South Eastern Europe which will widen the insufficient and spotty representations of the Great War in that region The contributors deliver an important addition to present day scholarship on the more or less unknown war in the Balkans and at the Italian fronts Although it might not completely fill the striking gap in the historical representations of the situation between the Slovene Italian Soča/Isonzo river in the North West and the Greek Macedonian border mountains around Mount Kajmakalan in the South East it will add significantly to the scholarship on the Balkan theatre of war and provide a much needed account of the suffering of civilians ideas loyalties and cultural hegemonies as well as memories and the post war memorial landscape The contributors are Vera Gudac Dodi Silviu Hariton Vijoleta Herman Kauri Oto Luthar Olga Manojlović Pintar Ahmed Pašić Ignác Romsics Daniela Schanes Fabio Todero Nikolai Vukov and Katharina Wesener

The Long Shadow: The Legacies of the Great War in the Twentieth Century David Reynolds, 2014-05-12 Winner of the 2014 PEN/Hessell-Tiltman Prize for the Best Work of History Brilliant the most challenging and intelligent book on the Great War and our perceptions of it that any of us will read John Charley The Times London One of the most violent conflicts in the history of civilization World War I has been strangely forgotten in American culture It has become a ghostly war fought in a haze of memory often seen merely as a distant preamble to World War II In *The Long Shadow* critically acclaimed historian David Reynolds seeks to broaden our vision by assessing the impact of the Great War across the twentieth century He shows how events in that turbulent century particularly World War II the Cold War and the collapse of Communism shaped and reshaped attitudes to 1914-18 By exploring big themes such as democracy and empire nationalism and capitalism as well as art and poetry *The Long Shadow* is stunningly broad in its historical perspective Reynolds throws light on the vast expanse of the last century and explains why 1914-18 is a conflict that America is still struggling to comprehend Forging

connections between people places and ideas The Long Shadow ventures across the traditional subcultures of historical scholarship to offer a rich and layered examination not only of politics diplomacy and security but also of economics art and literature The result is a magisterial reinterpretation of the place of the Great War in modern history
