Six Great Ideas:

Six Great Ideas Mortimer J. Adler, 1997-12-01 This enlightening study is the result of group discussions at Dr Adler's annual seminar in Aspen Colorado and conversations between Dr Adler and Bill Moyers filmed for public television Each summer Mortimer J Adler conducts a seminar at the Aspen Institute in Colorado At the 1981 seminar leaders from the worlds of business literature education and the arts joined him in an in depth consideration of the six great ideas that are the subject of this book Truth Goodness and Beauty the ideas we judge by and Liberty Equality and Justice the ideas we act on The group discussions and conversations between Dr Adler and journalist Bill Moyers were filmed for broadcast on public television and thousands of people followed their exploration of these important ideas Discarding the out worn and off putting jargon of academia Dr Adler dispels the myth that philosophy is the exclusive province of the specialist He argues that philosophy is everybody's business and that a better understanding of these fundamental concepts is essential if we are to cope with the political moral and social issues that confront us daily [A Catalog of Programs for the USIS Video Library](#) United States Information Agency. Television and Film Service, 1985 [Eternalism Politics](#) Dale Armon Eaton, 2025-07-17 Eternalism is the philosophical appeal of the restored gospel It is the rational basis for understanding Christ Elder John A Widtsoe said The Gospel may be said to be the philosophy of Eternalism It is the philosophy that explains the whole of man's relationship to the universe It invites the deepest study and the severest scrutiny The previous Eternalism book discussed only the first three branches of philosophy metaphysics epistemology and ethics In this book we pick up where the previous volume left off and deal specifically with primacy issues related to the higher philosophical branch of politics Mortimer Adler explained In discussing the philosophical branch of politics we focus on the ideas we act on in governing our social political and economic affairs So when we say Eternalism Politics we simply mean the principles of interaction between two or more people *Six Great Ideas* Mortimer Jerome Adler, 1984 **Managing Toward the Millennium** James E. Hennessy, Suki Robins, 1991 As corporate managers look toward the 1990s there is general consensus that the corporate environment will become one of continual change This volume offers some extremely perceptive insights into the issues that will affect management in the 1990s and suggests a philosophy for successfully dealing with these issues The contributors comprise a mix of outstanding corporate leaders and members of the academic community from Fordham University's Graduate School of Business Administration and the Wharton School of Business at the University of Pennsylvania *Haiku Holiday* Jason Flick, 2014-06-26 What happens when a struggling author and student is being followed by the cops at the end of his probation He takes a Haiku Holiday and spends a week at home in his underwear drinking beer smoking cigars and writing haikus Will he pass his class Will he find love on the internet Will he sell his car so he can pay his bills Will he succeed at gaining his freedom Will he finally do his dishes Find out what happens when one man takes a journey of self discovery on a Haiku Holiday This book is a work of adult humor and haiku poetry It is based on the very esteemed and academic Mortimer

Adler's Great Books Movement Haiku Holiday combines lowbrow humor with the highbrow works of classical literature and considers a new approach to classical ideas Mortimer J. Adler, 2009-08-01 In this classic work Adler explores how man differs from all other things in the universe bringing to bear both philosophical insight and informed scientific hypotheses concerning the biological and behavioral characteristics of mankind Rapid advances in science and technology and the abstract concepts of that influence on man and human value systems are lucidly outlined by Adler as he touches on the effect of industrialization and the clash of cultures and value systems brought about by increased communication between previously isolated groups of people Among the other problems this study addresses are the scientific achievements in biology and physics which have raised fundamental questions about humanity's essential nature especially the discoveries in the biological relatedness of all living things Thrown into high relief is humanity's struggle to determine its unique status in the natural world and its value in the world it has created Ultimately Adler's work develops an approach to the separation between scientific and philosophical questions which stands as a model of thought on philosophical considerations of new scientific discoveries and its consequences for the human person **Pursuing Justice** Ralph A.
