Hattery, Earl Smith, 2007-04-19 Bravo to the authors They have done an excellent job addressing the issues that are critical to community members policy makers and interventionists concerned with Black families in the context of our nation Michael C Lambert University of Missouri Colombia *African American Families* is a timely work The strength of this text lies in the depth of coverage clarity and the ability to combine secondary sources statistics and qualitative data to reveal the plight of African Americans in society Edward Opoku Dapaah Winston Salem State University *African American Families* is both engaging and challenging and is perhaps one of the most important works I have read in many years This book will most certainly move the discourse of the socio economic conditions of black families forward beyond the boundaries already set by other books in the market *African American Families* is an excellent book whose time has come and one that I would most definitely adopt Lateef O Badru University of Louisville *African American Families* provides a systematic sociological study of contemporary life for families of African descent living in the United States Analyzing both quantitative and qualitative data authors Angela J Hattery and Earl Smith identify the structural barriers that African Americans face in their attempts to raise their children and create loving healthy and raise the children of the next generation Key Features Uses the lens provided by the race class and gender paradigm Examples illustrate the ways in which multiple systems of oppression interact with patterns of self defeating behavior to create barriers that deny many African Americans access to the American dream Addresses issues not fully or adequately addressed in previous books on Black families These issues include personal responsibility and disproportionately high rates of incarceration family violence and chronic illnesses like HIV AIDS Brings statistical data to

life The authors weave personal stories based on interviews they've conducted into the usual data from scholarly literature and from U S Census Bureau reports Provides several illustrations from Hurricane Katrina A contemporary analysis of a recent disaster demonstrates many of the issues presented in the book such as housing segregation and predatory lending practices Offers extensive data tables in the appendices Assembled in easy to read tables students are given access to the latest national agencies data from agencies including the U S Census Bureau Centers for Disease Control and Bureau of Justice Statistics Intended Audience This is an ideal textbook for advanced undergraduate and graduate courses such as African American Families Sociology of the Family Contemporary Families and Race and Ethnicity in the departments of Human Development and Family Studies Sociology African American Studies and Black Studies *Physical Violence in American Families* Murray Straus, 2017-09-04 The informative and controversial findings in this book are based on two path breaking national surveys of American families Both show that while the family may be the central locus of love and support it is also the locus of risk for those who are physically assaulted The book provides a wealth of information on gender differences and similarities in violence and on the effects of gender roles and inequality Two landmark American studies of violence from the National Family Violence survey form the basis of this book Both show that while the family may be the central locus of love and support it is also the locus of risk for those who are being physically assaulted This is particularly true for women and children who are statistically more at risk of assault in their own homes than on the streets of any American city *Physical Violence in American Families* provides a wealth of information on gender differences and similarities in violence and on the effects of gender roles and inequality It is essential for anyone doing empirical research or clinical assessment **Readings on the Development of Children** Mary Gauvain, Michael Cole, 2008-11-21 This collection of readings can be used as a superb supplement in child and adolescent development courses or as the primary text in graduate level seminars The new edition offers 36 readings 12 new to the collection Publisher's website **2008 Annual Homelessness Assessment**, 2010-10 Provides year to year trend info that explores changes in the patterns of homelessness over time Focuses on two types of national estimates of homelessness Point in time estimates provide the total number of sheltered and unsheltered homeless persons on a single night in January Also provides one year estimates of the total sheltered population The one year estimates account for persons who used a homeless residential program at any time during a 12 month period The report compares one year estimates for 2007 and 2008 This report comes at a time of economic uncertainty and provides a few early indicators of how the economic downturn may be affecting the housing situation of low income and vulnerable Americans Illus
