Supplier Evaluation and Performance Excellence Sherry R. Gordon, 2008-04-15 Understanding supplier performance is vital to ensuring a well functioning supply network This unique how to book helps readers develop and implement a supplier evaluation process that can result in reduced costs lower risk and improved performance of both the user s company and its suppliers

Continuous Process Improvement in Organizations Large and Small Robert E. Hamm, Jr., 2015-11-13 Our world changes faster today than at any time in the history of mankind Organizations like living breathing organisms must learn to adapt to changes in the environment in which each operates It is generally held today by those who study organizations that those who fail to adapt to seemingly unending change are certainly doomed but those able to adapt to constant change tend to thrive The purpose of this book is to describe the leadership required to successfully implement continuous process improvement in organizations The author begins the journey with a discussion of organizational culture as he sets out to

describe how leaders develop a culture where continuous improvement can thrive The challenges of organizational change faced by all leaders who strive to take advantage of the benefits of continuous process improvement is discussed as well as what leaders must do to make change stick The goal is to provide a description of the leadership necessary to make continuous process improvement a reality in any organization Leading Lean Six Sigma Alessandro Laureani, Jiju Antony, 2021-06-08 Leading Lean Six Sigma Research on Leadership for Operational Excellence Deployment assesses the impact of organizational leadership on the deployment of Lean Six Sigma in organisations This book details what leadership traits are needed for a successful deployment presenting a ground breaking leadership dependency model **Advances in Sustainable and Competitive Manufacturing Systems** Américo Azevedo, 2013-06-25 The proceedings includes the set of revised papers from the 23rd International Conference on Flexible Automation and Intelligent Manufacturing FAIM 2013 This conference aims to provide an international forum for the exchange of leading edge scientific knowledge and industrial experience regarding the development and integration of the various aspects of Flexible Automation and Intelligent Manufacturing Systems covering the complete life cycle of a company's Products and Processes Contents will include topics such as Product Process and Factory Integrated Design Manufacturing Technology and Intelligent Systems Manufacturing Operations Management and Optimization and Manufacturing Networks and MicroFactories **The Organizational Alignment Handbook** H. James Harrington, Frank Voehl, 2011-11-09 In the same way that a well defined approach is needed to develop an effective strategic plan an equally well designed approach is needed to support the alignment of your organization's structure management concepts systems processes networks knowledge nets training hiring and reward systems Examining top down bottom up and core planning Sustainable Excellence in Small and Medium Sized Enterprises Fatima Ezahra Touriki, Amine Belhadi, Sachin Kamble, Imane Benkhati, 2022-03-18 This book is a collection of the up to date experience and knowledge about the implementation of sustainable business excellence in a particular context of SMEs The book uses empirical and practical approach to tackle this issue which is underdeveloped in the literature Hence it could constitute a relevant reference for SMEs managers seeking to manage their operations sustainably efficiently and resiliently The book also integrates the smart component to the sustainable business excellence and proves for those who are still skeptical that SMEs could benefit from smart and digital technology in the favor of sustainability and business excellence Overall we build on successful initiatives we experienced in real life to guide SMEs in order to be sustainable smart and resilient in the post COVID context which is highly demanding in terms of business excellence and efficiency
