Skateboard Video Duncan McDuie-Ra, 2021-09-20. This book is about skateboard video and experimental ways of thinking about cities. It makes a provocative argument to consider skate video as an archive of the city from below. Here below has a dual meaning. First, below refers to an unofficial archive, a subaltern history of urban space. Second, below refers to the angle from which skateboarders and filmmakers gaze upon, capture, and consume the city from the ground up. Since taking to the streets in the early 1980s, skateboarding has been captured on film, video tape, and digital memory cards, edited into consumable forms and circulated around the world. Videos are objects amenable to ethnographic analysis while also archiving exercises in urban ethnography by their creators. I advocate for taking skate video seriously as a fragile archive of the urban backstage, collective memory across time and space, creative urban practice, urban encounters, people to people, and people to objects, and the globalization of a subculture at once delinquent and magnificent.

Pirates, Scoundrels, and Kings William Lynes, 2013-01-31. Even for a Monday, Christopher's day is full of frustration. There was the school bus ride through the mud, followed by a huge argument with his two brothers. He would do anything to escape, just for a little while. A wish that he soon finds granted. A chance encounter with a philosophical cloud sends him to the medieval kingdom of Alucemet, which is in shambles. The king is lost, the queen's power is dwindling, and the citizens blame their traitorous sons. Christopher soon realizes he is in the presence of one of the sons, Sir Alexander. Even so, he finds in Alexander not a traitor but a quiet, kind leader intent on restoring the kingdom to its past glory. Soon Alexander is ambushed, and Christopher is told Alexander's evil brother, Nicholas the Blue, is responsible. Luckily, with the queen's help, Christopher is able to escape, and he is led to the very door of this other brother. Once again, however, the common reports are wrong. Christopher finds Nicholas to be nothing more than a pirate who lives for fun. If the princes are not behind the downfall of Alucemet, who is? Battle is on the horizon. A dark army plans to surround and conquer, taking the kingdom for its own. Christopher must lean on his faith in God to strengthen his new friends, save their kingdom, and hopefully find his way home.

Perfect for fans of *Starfish* and *Finally Heard*. Sophie Valentine would rather be at home doing school virtually. Instead, she's waiting in a crowded middle school building for her best friend Eve, who's finally back after an extended absence, which only Sophie knows the truth about. Then she's ditching Sophie to hang out with the Crash Crew, a group of popular kids notorious for their social media dares.
