Wolfgang Mieder

Skeleton In The Closet 1st Edition:

The Making of the Modern Body Catherine Gallagher, Thomas Laqueur, 1987-02-06 Scholars have only recently discovered that the human body itself has a history Not only has it been perceived interpreted and represented differently in different epochs but it has also been lived differently brought into being within widely dissimilar material cultures subjected to various technologies and means of control and incorporated into different rhythms of production and consumption pleasure and pain The eight articles in this volume support supplement and explore the significance of these insights They belong to a new historical endeavor that derives partly from the crossing of historical with anthropological investigations partly from social historians deepening interest in culture partly from the thematization of the body in modern philosophy especially phenomenology and partly from the emphasis on gender sexuality and women s history that large numbers of feminist scholars have brought to all disciplines *Household News* ,1894 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1952 Includes Part 1A Books and Part 1B Pamphlets Serials and Contributions to Periodicals **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library. Research Libraries,1979 Blackface, White Noise Michael Rogin,1996 The tangled connections that have bound Jews to African Americans in popular culture and liberal politics are at the heart of this text It explores blackface in Hollywood films as an aperture to various broader issues Buddhism in America Scott A. Mitchell,2016-10-20 Buddhism in America provides the most comprehensive and up to date survey of the diverse landscape of US Buddhist traditions their history and development and current methodological trends in the study of Buddhism in the West located within the translocal flow of global Buddhist culture Divided into three parts Histories Traditions Frames this introduction traces Buddhism s history and encounter with North American culture charts the landscape of US Buddhist communities and engages current methodological and theoretical developments in the field The volume includes A short introduction to Buddhism A historical survey from the 19th century to the present Coverage of contemporary US Buddhist communities including Theravada Mahayana and Vajrayana Theoretical and methodological issues and debates covered include Social political and environmental engagement Race feminist and queer theories of Buddhism Secular Buddhism digital Buddhism and modernity Popular culture media and the arts Pedagogical tools include chapter summaries discussion questions images and maps a glossary and case studies The book s website provides recommended further resources including websites books and films organized by chapter With individual chapters which can stand on their own and be assigned out of sequence Buddhism in America is the ideal resource for courses on Buddhism in America American Religious History and Introduction to Buddhism **Physical Education Health and Music Iv (worktext)1st Ed. 1993** , The Publishers Weekly ,1893 **United States Government Publications Monthly Catalog** ,1948 **Notes and Queries** ,1890 **Huxford's Old Book Value Guide** Bob Huxford,1991 Nearly 25 000 titles with current values fill this hardbound book Much more than just

a typical price guide the book is a directory with scores of actual buyers listed by the subject matter they are searching for as well as dealers offering the books at listed prices It will put you in touch with a person interested in buying or selling the books you have piled on your bookshelves

Montaigne Philippe Desan,2019-01-29 A definitive biography of the great French essayist and thinker One of the most important writers and thinkers of the Renaissance Michel de Montaigne 1533 92 helped invent a literary genre that seemed more modern than anything that had come before But did he do it as he suggests in his Essays by retreating to his chateau and stoically detaching himself from his violent times Philippe Desan overturns this long standing myth by showing that Montaigne was constantly connected to and concerned with realizing his political ambitions and that the literary and philosophical character of the Essays largely depends on them Desan shows how Montaigne conceived of each edition of the Essays as an indispensable prerequisite to the next stage of his public career It was only after his political failure that Montaigne took refuge in literature and even then it was his political experience that enabled him to find the right tone for his genre The most comprehensive and authoritative biography of Montaigne yet written this sweeping narrative offers a fascinating new picture of his life and work

Gender Verification and the Making of the Female Body in Sport Sonja Erikainen,2019-11-13 This book critically explores the history of gender verification in international sport to show how culture politics and science come together to produce femaleness and consequently the female body as we know it Tracing gender verification policies and practices in sport since the 1930s till the present the book shows how and why medical sex tests have been used to verify women athletes femaleness in ways that both reflect and have shaped broader social and scientific ideas about femaleness in the process Exploring how geopolitics gender class and race relations intertwined with scientific ideas about femaleness and womanhood to shape gender verification the book shows how sports competitions became a battleground where new and old ideas about sex difference collided By mapping the social historical and material instability of sex and gender it shows why so much investment has been placed in distinguishing femaleness from maleness in sport and beyond The book will be of interest to researchers later year undergraduate and graduate students in a broad range of areas including gender studies sports studies social and historical studies of science and medicine It will also be relevant to sports policy as it historically and conceptually contextualises gender verification policies

Resources in Education ,1992-06 *The Conspiracy Trial of the Chicago Seven* John Schultz,2020-10-16 One of the few great trial books of our time Any reader looking for a quick course in how a criminal trial can go wrong would do well to read it Timothy Sullivan author of Unequal Verdicts In 1969 the Chicago Seven were charged with intent to incite organize promote and encourage antiwar riots during the chaotic 1968 Democratic National Convention in Chicago The defendants included major figures of the antiwar and racial justice movements Abbie Hoffman and Jerry Rubin the madcap founders of the Yippies Tom Hayden and Rennie Davis founders of Students for a Democratic Society and longtime antiwar organizers David Dellinger a pacifist and chair of the National Mobilization

Committee to End the War in Vietnam and Bobby Seale co founder of the Black Panther Party who would be bound and gagged in the courtroom before his case was severed from the rest The Conspiracy Trial of the Chicago Seven is an electrifying account of the months long trial that commanded the attention of a divided nation John Schultz on assignment for The Evergreen Review witnessed the whole trial of the Chicago Seven from the jury selection to the aftermath of the verdict In his vivid account Schultz exposes the raw emotions surreal testimony and judicial prejudice that came to define one of the most significant legal events in American history In October 2020 Aaron Sorkin s film The Trial of the Chicago Seven brought this iconic trial to the screen This work aside from being a profound study of fear is investigative journalism in its highest sense Studs Terkel Pulitzer Prize winning author

A Dictionary of American Proverbs Wolfgang Mieder,1992 Americans have a gift for coining proverbs A picture is worth a thousand words was not as you might imagine the product of ancient Chinese wisdom it was actually minted by advertising executive Fred Barnard in a 1921 advertisement for Printer s Ink magazine After all Americans are first and foremost a practical people and proverbs can be loosely defined as pithy statements that are generally accepted as true and useful The next logical step would be to gather all of this wisdom together for a truly American celebration of shrewd advice A Dictionary of American Proverbs is the first major collection of proverbs in the English language based on oral sources rather than written ones Listed alphabetically according to their most significant key word it features over 15 000 entries including uniquely American proverbs that have never before been recorded as well as thousands of traditional proverbs that have found their way into American speech from classical biblical British continental European and American literature Based on the fieldwork conducted over thirty years by the American Dialect Society this volume is complete with historical references to the earliest written sources and supplies variants and recorded geographical distribution after each proverb Many surprised await the reader in this vast treasure trove of wit and wisdom Collected here are nuggets of popular wisdom on all aspects of American life weather agriculture travel money business food neighbors friends manners government politics law health education religion music song and dance And to further enhance browsing pleasure the editors have provided a detailed guide to the use of the work While it s true that many of our best known proverbs have been supplied by the ever present Anonymous many more can be attributed to some very famous Americans like Ernest Hemingway Abraham Lincoln Benjamin Franklin Mark Twain J Pierpont Morgan Thomas Alva Edison Abigail Adams and Ralph Waldo Emerson to name but a few offered in this fascinating collection Who wouldn t want to know the origin of the opera ain t over till the fat lady sings This uniquely American proverb and many more are gathered together in A Dictionary of American Proverbs A great resource for students and scholars of literature psychology folklore linguistics anthropology and cultural history this endlessly intriguing volume is also a delightful companion for anyone with an interest in American culture

Materializing Gender in Eighteenth-Century Europe HeidiA. Strobel,2017-07-05 Art history has

enriched the study of material culture as a scholarly field This interdisciplinary volume enhances this literature through the contributors engagement with gender as the conceptual locus of analysis in terms of femininity masculinity and the spaces in between Collectively these essays by art historians and museum professionals argue for a more complex understanding of the relationship between objects and subjects in gendered terms The objects under consideration range from the quotidian to the exotic including beds guns fans needle paintings prints drawings mantillas almanacs reticules silver punch bowls and collage These material goods may have been intended to enforce and affirm gendered norms however as the essays demonstrate their use by subjects frequently put normative formations of gender into question revealing the impossibility of permanently fixing gender in relation to material goods concepts or bodies This book will appeal to art historians museum professionals women s and gender studies specialists students and all those interested in the history of objects in everyday life
