

Dear,

There's a weight on my heart that I cannot ignore anymore. I remember when we met, the day the world seemed brighter, infused with laughter and light. We shared our dreams and our vulnerabilities, each detail etched into my heart like a story waiting to be told. We danced under the stars, barefoot and carefree, our hearts in rhythm with the universe, as if nothing else mattered but us. I still feel the warmth of your hand in mine, a silent promise of love and companionship. But, my love, I've realized that love isn't enough to hold two people together.

I can't bear to see the hurt in your eyes when we argue, the way your smile fades when we can't find a common ground. I have come to the unfortunate realization that our paths, which once seemed so perfectly intertwined, have begun to diverge. I will forever cherish the love we shared, and part of me will always yearn for those days of unfiltered laughter and warmth. But I know in my heart that this is the right decision. It hurts me more than you can imagine, but I believe it will save us more pain in the future.

Smack Him Make Him Cry A Clowns Odyssey:

Smack Him! Make Him Cry! Steven Errol Stender, 2004-05 He was just a clown a wooden clown the product of a young boy s imagination but the clown seemed to have a life of his own His thoughts seemed to echo those of the boy Where does imagination begin and reality end Life with all its aches and pains could be just an illusion and the true reality may be that you and I are the creations of our imagination But there is a boy in this world a man now who is all the things that Whitey was and is So it may be that this is fictional fact or factual fiction Who knows *Holy As Robots* Johan Melin, Time is out of joint The world is disconnected and the people are hopeless When Varya finds a mystical AI she uses her grandfather Manolevski s old VR machine to consult him for help But something goes wrong and her grandfather uses her to get information from the future When Varya returns the Holoverse and Manolevski is back and he has a plan how he will take over the world with his AI The humans longing for distraction is so great that they re ready to do anything to go online again Even die Who cares in the Holoverse anyone becomes eternal for a short while Maybe there s a savior in Claudia maybe not Varya must travel through time and space to stop the genocide and find the secrets and the truth about Claudia the AI with a free will Johan Melin s final part in the CLAUDIA trilogy spans over hundred years from the Earthquake in Skopje 1963 to the Future 2063 It s a visionary family chronicle about AI time love apocalypse karma bots freedom and what makes us human
