Urban Smuggler Andrew Pritchard, Norman Parker, 2011-03-04 Urban Smuggler chronicles the rollicking life story of one of the most prolific smugglers of our time After leaving school at 14 Andrew Pritchard started out selling weed at house parties before moving on to run some of the biggest warehouse raves of the acid house era The money began to roll in but with it came trouble and when someone was murdered at one of his parties he was forced to go on the run to Jamaica It was there that Pritchard learned the tricks of the smuggling trade and with corrupt UK Customs officers in his pocket it seemed that nothing could go wrong But then someone in his network used his supply chain to start shifting industrial amounts of cocaine When he went to meet a shipment of counterfeit cigars he was seized by a Customs task force and arrested when the goods turned out to be half a ton of premium grade cocaine Following two controversial trials Pritchard was acquitted after eighteen months on remand In Urban Smuggler he

reveals just how easy it can be to import shiploads of contraband into the UK and exposes the corruption within the law enforcement agencies tasked to tackle this kind of crime Here then is the inside story of how to become an urban smuggler

The MARIJUANA SMUGGLER'S GUIDE Larry David,2017-07-30 The MARIJUANA SMUGGLER S GUIDE by Larry David Sr The Life of a Smuggler Helen Hollick,2019-04-30 Perfect for maritime historians and fans of Poldark a look at the true history behind the legends built around smugglers Brandy for the parson baccy for the clerk We have an image mostly from movies and novels of a tall ship riding gently at anchor in a moonlit secluded bay with the Gentleman cheerfully hauling kegs of brandy and tobacco ashore then disappearing silently into the night shadows to hide their contraband from the excise men in a dark cave or a secret cellar But how much of the popular idea is fact and how much is fiction Smuggling was big business it still is but who were these derring do rebels of the past who went against paying taxes on the importation of luxury goods Who purchased the illicit contraband How did smugglers operate Where were the most notorious locations Was it profitable or just an inevitable path to arrest and the hangman s noose Author Helen Hollick attempts to answer these queries and more **Smuggler** Nicholas Fillmore,2019 Young Americans get involved in a dangerous international heroin smuggling conspiracy When twenty something post grad Nick Fillmore discovers the zine he publishes is a front for drug profits he begins a dangerous flirtation with an international heroin smuggling operation and in a matter of months finds himself on a fast ride that he doesn t know how to get off of After a bag goes missing in an airport transit lounge Fillmore is summoned to West Africa to participate in a fetish oath with Nigerian mafia Bound to drug boss Alhaji Fillmore returns to Europe to finish the job But in Chicago O Hare customs agents blitz the plane and a courier is arrested Thus begins a harried yearlong effort to elude the Feds prison and a looming existential dead end Smuggler relates the real events behind OITNB

Smugglers, Inc. Shawn Pardazi,2023-10 Tradecraft All Around Us Throughout history black market goods weapons narcotics and other assets have been transported across borders within rural and metropolitan areas of every nation A lucrative business operated by thousands of sophisticated criminal organizations is responsible for death destruction and

ripping apart families and nations Its reliance is on supply and demand and it operates through a system of carefully designed and deployed clandestine measures throughout the world Its focal point is profit This book gives you insight into the dynamic nature of these clandestine operations and how the author identifies apprehends and helps lock away Smugglers even using them to train law enforcement agents throughout the world The next time you see a headline that a large shipment of narcotics was seized or a terrorist cell was identified and apprehended on the highways you ll have the inside track into the work conducted by those who protect the innocent public It is a guide for civilians military intelligence and law enforcement worldwide in understanding these unique operations *The Compleat Smuggler* Jefferson Farjeon,2013-10 This is a new release of the original 1938 edition *Smuggler Nation* Peter Andreas,2013-01-16 America is a smuggler nation Our long history of illicit imports has ranged from West Indies molasses and Dutch gunpowder in the 18th century to British industrial technologies and African slaves in the 19th century to French condoms and Canadian booze in the early 20th century to Mexican workers and Colombian cocaine in the modern era Contraband capitalism it turns out has been an integral part of American capitalism Providing a sweeping narrative history from colonial times to the present *Smuggler Nation* is the first book to retell the story of America and of its engagement with its neighbors and the rest of the world as a series of highly contentious battles over clandestine commerce As Peter Andreas demonstrates in this provocative and fascinating account smuggling has played a pivotal and too often overlooked role in America s birth westward expansion and economic development while anti smuggling campaigns have dramatically enhanced the federal government s policing powers The great irony Andreas tells us is that a country that was born and grew up through smuggling is today the world s leading anti smuggling crusader In tracing America s long and often tortuous relationship with the murky underworld of smuggling Andreas provides a much needed antidote to today s hyperbolic depictions of out of control borders and growing global crime threats Urgent calls by politicians and pundits to regain control of the nation s borders suffer from a severe case of historical amnesia nostalgically implying that they were ever actually under control This is pure mythology says Andreas For better and for worse America s borders have always been highly porous Far from being a new and unprecedented danger to America the illicit underside of globalization is actually an old American tradition As Andreas shows it goes back not just decades but centuries And its impact has been decidedly double edged not only subverting U S laws but also helping to fuel America s evolution from a remote British colony to the world s pre eminent superpower *Smuggler's Notch* Joseph Koenig,1989 Suspense riveting gritty cinematic thriller by the author of *Floater* and *Little Odessa* *The Smuggler* George Payne Rainsford James,2018-09-20 Reproduction of the original *The Smuggler* by George Payne Rainsford James *Folly Cove* Kermit Schweidel,2018-03-26 Against a 1970s backdrop of Vietnam political corruption and radical activism comes the true story of a loose confederacy of thrill seeking opportunists and disaffected veterans who pulled off the largest most audacious pot smuggle yet attempted over twenty eight tons of primo Colombian headed for the densely populated coast of

Massachusetts in a rusty shrimp boat at the height of hurricane season From the borderland of El Paso to the High Sierra of Mexico to the coast of South America and back this is how they parlayed their first puff into truckloads planeloads and ultimately the mother lode Folly Cove is a high spirited tale of the early days when the business of pot was a benign crusade to keep America high A lot of people got high a few people got rich and nobody got hurt As far as we were concerned we broke a law that was already broken Kermit Schweidel co founder of a successful Dallas advertising agency grew up in El Paso the site of a brief but eventful detour that would bring him face to face with the Department of Justice and result in a felony conviction It is a label he has worn without regret I am troubled only by the chronically painful regret of a screaming lower lumbar An illicit toké or two in the evening helps dull the pain and remains the organic remedy for a restless mind and the perfect way to laugh to live and to never take yourself more seriously than a fart in the wind
