

Sister Kenny

Raffaela Di Napoli

Sister Kenny:

LIFE, 1960-07-11 *LIFE* Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest most amazing collection of professional photography on the internet. Users can browse, search, and view photos of today's people and events. They have free access to share print and post images for personal use. Polio Wars Naomi Rogers, 2013-10-20 During World War II, polio epidemics in the United States were viewed as the country's other war. At home, they could be neither predicted nor contained, and paralyzed patients faced disability in a world unfriendly to the disabled. These realities were exacerbated by the medical community's enforced orthodoxy in treating the disease: treatments that generally consisted of ineffective therapies. *Polio Wars* is the story of Sister Elizabeth Kenny, Sister, being a reference to her status as a senior nurse, not a religious designation, who arrived in the US from Australia in 1940, espousing an unorthodox approach to the treatment of polio. Kenny approached the disease as a non-neurological affliction, championing such novel therapies as hot packs and muscle exercises in place of splinting surgery and immobilization. Her care embodied a different style of clinical practice: one of optimistic, patient-centered treatments that gave hope to desperate patients and families. The Kenny method, initially dismissed by the US medical establishment, gained overwhelming support over the ensuing decade, including the endorsement of the National Foundation for Infantile Paralysis, today's March of Dimes, America's largest disease philanthropy. By 1952, a Gallup Poll identified Sister Kenny as the most admired woman in America, and she went on to serve as an expert witness at Congressional hearings on scientific research, a foundation director, and the subject of a Hollywood film. Kenny breached professional and social mores, crafting a public persona that blended Florence Nightingale and Marie Curie. By the 1980s, following the discovery of the Salk and Sabin vaccines and the March of Dimes withdrawal from polio research, most Americans had forgotten polio, its therapies, and Sister Kenny. In examining this historical arc and the public's process of forgetting, Naomi Rogers presents Kenny as someone worth remembering. *Polio Wars* recalls both the passion and the practices of clinical care and explores them in their own terms. Sister Kenny Victor Cohn, 1975 Sister Kenny was first published in 1976. Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions. Sister Elizabeth Kenny, the Australian-born nurse, is remembered by thousands of grateful parents and grandparents of young polio patients, as well as others who were less personally affected, as the woman who successfully fought the medical profession to win acceptance of her techniques to combat the crippling effects of this disease. In this biography, Victor Cohn, a prize-winning science writer, details the life of Sister Kenny and her significant role in the history of medicine. It is an inspiring story and one which will be of particular interest to those of the present generation who are engaged in the movement for women's equality. Sister Kenny's struggle against the bitter opposition of many doctors to her concepts for the treatment of polio dramatized the then common attitude of male chauvinism on the part of the medical profession toward nurses. The biography traces Sister Kenny

s life from her birth in Australia through her early nursing career in the bush to her rise to prominence in America Much of the narrative focuses on her confrontation with the medical establishment Throughout the author writes from an objective viewpoint and in conclusion he assesses Sister Kenny s accomplishments Modern Hydrotherapy for the Massage

Therapist Marybetts Sinclair,2007-11-01 This text offers a modern approach to hydrotherapy the use of water ice steam and hot and cold temperatures to improve or maintain health as performed by massage therapists Authored by an experienced massage therapist this book presents clear uncomplicated explanations of how hydrotherapy affects the body and then demonstrates a wide variety of hydrotherapy treatments The book suggests how massage therapists may use hydrotherapy treatments before and during massage sessions or give these treatments to clients to do between sessions for faster and better results The author presents real life examples and case studies obtained through interviews with massage therapists athletic trainers physical therapists naturopathic doctors aquatic therapists and medical doctors treating patients in a medical hydrotherapy setting *Medicine's Moving Pictures* Leslie J. Reagan,Nancy Tomes,Paula A. Treichler,2007 This

groundbreaking book argues that health and medical media with their unique goals and production values constitute a rich cultural and historical archive and deserve greater scholarly attention Original essays by leading media scholars and historians of medicine demonstrate that Americans throughout the twentieth century have learned about health disease medicine and the human body from movies Heroic doctors and patients fighting dread diseases have thrilled and moved audiences everywhere amid changing media formats medicine s moving pictures continue to educate entertain and help us understand the body s journey through life Perennially popular health and medical media are also complex texts reflecting many interests and constituencies including notably the U S medical profession which has often sought if not always successfully to influence content circulation and meaning *Medicine s Moving Pictures* makes clear that health and medical media representations are more than illustrations shows their power to shape health perceptions practices and policies and identifies their social cultural and historical contexts Contributors Lisa Cartwright Vanessa Northington Gamble Rachel Gans Boriskin Valerie Hartouni Susan E Lederer John Parascandola Martin S Pernick Leslie J Reagan Naomi Rogers Nancy Tomes Paula A Treichler Joseph Turow Leslie J Reagan is an associate professor at the University of Illinois Urbana Champaign Nancy Tomes is a professor at Stony Brook University Paula A Treichler is a professor at the University of Illinois Urbana Champaign *Polio* David M. Oshinsky,2005-04-12 Here David Oshinsky tells the gripping story of the polio terror and of

the intense effort to find a cure from the March of Dimes to the discovery of the Salk and Sabin vaccines and beyond Drawing on newly available papers of Jonas Salk Albert Sabin and other key players Oshinsky paints a suspenseful portrait of the race for the cure weaving a dramatic tale centered on the furious rivalry between Salk and Sabin He also tells the story of Isabel Morgan perhaps the most talented of all polio researchers who might have beaten Salk to the prize if she had not retired to raise a family Oshinsky offers an insightful look at the National Foundation for Infantile Paralysis which was founded in the

1930s by FDR and Basil O'Connor it revolutionized fundraising and the perception of disease in America Oshinsky also shows how the polio experience revolutionized the way in which the government licensed and tested new drugs before allowing them on the market and the way in which the legal system dealt with manufacturers liability for unsafe products Finally and perhaps most tellingly Oshinsky reveals that polio was never the raging epidemic portrayed by the media but in truth a relatively uncommon disease But in baby boomer America increasingly suburban family oriented and hygiene obsessed the specter of polio like the specter of the atomic bomb soon became a cloud of terror over daily life Both a gripping scientific suspense story and a provocative social and cultural history Polio opens a fresh window onto postwar America [LIFE](#),1942-09-28 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use **Hearings** United States. Congress. House. Committee on Interstate and Foreign Commerce,1948 [Neurocinema](#) Eelco F. M. Wijdicks,2014-11-06 Film directors recognize that neurologic disease impacts mind and motility and often use it in a plot or defining scene It should be informative and educational to deconstruct neurologic representation in film Neurocinema When Film Meets Neurology is a collection of film essays that summarize the portrayal of major neurologic syndromes and [LIFE](#),1946-09-16 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use

Unveiling the Magic of Words: A Report on "**Sister Kenny**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring.
