Feminist Time Against Nation Time Victoria Hesford, Lisa Diedrich, 2009-12-01 Feminist Time Against Nation Time offers a series of essays that explore the complex and oftentimes contradictory relationship between feminism and nationalism through a problematization of temporality Although there has been much recent discussion in the U S of the wars in Afghanistan and Iraq and the War on Terror as signaling a new period of permanent war feminist voices have not been at all prominent in this discussion This collection considers not only the ways in which public spaces for dissent are limited but also the ways in which the time for such dissent is cut short Feminist Time Against Nation Time combines philosophical examinations of Women's Time by Julia Kristeva and The Time of Thought by Elizabeth Grosz with essays offering case studies of particular events including Kelly Oliver's essay on the media coverage of the U S wars on terror and in Afghanistan and Iraq and Betty Joseph's on the anti colonial uses of women's time in the creation of nineteenth century Indian nationalism Feminist Time Against Nation Time juxtaposes feminist time against nation time in order to consider temporalities that are at once contrary to but also drawing toward each other Yet Hesford and Diedrich also argue that because as an untimely project feminism necessarily operates in a different temporality from that of the nation againstness is also used to provoke a rupture a momentary opening up of a disjuncture between the two that will allow us to explore the possibilities of creating a space and time for feminists to think against the current of the present moment

The Extra-Ordinary Princess Carolyn Q. Ebbitt, 2010-08-09 Princess Amelia is the least likely person to become queen of the land of Gossling from her position as the fourth daughter to her non princessy ways But when a plague sweeps the land kills her parents and leaves her evil uncle in power it is Amelia who must find the courage to save her kingdom and her sisters Readers will be thoroughly enchanted by the coming of age of an unlikely princess

Reading Programs for Young Adults Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs

Private Practices

Saskatchewan Meredith Cherland University of Regina,2013-10-23 First Published in 1994 The study of literacy no longer focuses solely on psychological processes In the past ten years literacy has been reconceptualized as a social practice or rather as social practices that make up the fabric of daily life Using an anthropological perspective **Private Practices** examines the broad fictional reading of middle class pre teen girls and offers fresh insights into the place of literacy both at home and at school in the construction of gender The author provides a wealth of evidence to support the central assumption of the book Gender is a cultural and social construction not a biological given Gender is something that people create while interacting with each other in all the practices of their daily lives including their literacy practices The book also provides critical analysis and commentary concerning the role that reading fiction plays in cultural reproduction In the hope that deeper knowledge of literacy as a social practice will support social transformation and eventually social justice the author suggests compelling reasons for the fact that girls read more fiction and different fiction than do boys **Ballet Class**

Melissa R. Klapper,2020 A pathbreaking social history that takes seriously the experiences of the countless everyday people who pursued recreational ballet **Ballet Class** An American History explores the growth of this now quintessential extracurricular activity as it became an integral part of American childhood across borders of gender class race and sexuality

Fayette,2022-01-21 **Goose Sense** By Akua A Fayette **Goose Sense** is an educational tool for adults and children to learn about history culture and family as seen through the eyes of geese The book centers around how children live through innocence and joy until they reach the age when life begins to present itself with negative and positive situations Through powerful storytelling readers can analyze how they feel about their friends family and adult role models From this story Fayette hopes readers take away the need for unity and compassion and to treat people the way you want to be treated The most important thing to remember is to let love reflect back on all relationships The ending phrase of all the stories is If only people had the sense of a goose Host Bibliographic Record for Boundwith Item Barcode 30112047793085 and Others ,1879
