Six Poets Of The San Francisco Renaissance Portraits And Checklists:

Six Poets of the San Francisco Renaissance David Kherdian, 1967 **American Poets and Poetry** Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10 The ethnically diverse scope broad chronological coverage and mix of biographical critical historical political and cultural entries make this the most useful and exciting poetry reference of its kind for students today American poetry springs up out of all walks of life its poems are maternal as well as paternal stuff d with the stuff that is coarse and stuff d with the stuff that is fine as Walt Whitman wrote adding Of every hue and caste am I of every rank and religion Written for high school and undergraduate students this two volume encyclopedia covers U S poetry from the Colonial era to the present offering full treatments of hundreds of key poets of the American canon What sets this reference apart is that it also discusses events movements schools and poetic approaches placing poets in their social historical political cultural and critical contexts and showing how their works mirror the eras in which they were written Readers will learn about surrealism ekphrastic poetry pastoral elegy the Black Mountain poets and language poetry There are long and rich entries on modernism and postmodernism as well as entries related to the formal and technical dimensions of American poetry Particular attention is paid to women poets and poets from various ethnic groups Poets such as Amiri Baraka Nathaniel Mackey Natasha Trethewey and Tracy Smith are featured The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant garde and experimental movements and provides sidebars that illuminate key points **The Postmoderns** Donald Allen, George F. Butterick, 1982 This anthology includes many of the major poets to have emerged and gained pre eminence since World War II and whose writing reflects not only the significant changes in this nation s postwar history and the coming to grips with a nuclear age but also an entirely new way of looking at and structuring reality United by their postmodernist concerns with spontaneity instantism formal and syntactic flexibility and the revelation of both the creator and the process through the writing itself these 38 poets represent very diverse strains of an essential American individualism Included are many of the poets whose work first gained widespread national attention with the 1960 publication of *The New American Poetry* Charles Olson Allen Ginsberg Paul Blackburn LeRoi Jones Amiri Baraka Denise Levertov Robert Duncan and others Among the poets included here for the first time are Anne Waldman Diane di Prima Ed Sanders Jerome Rothenberg and James Koller In addition to a new preface by Allen and Butterick the book provides autobiographical notes of all the poets and listings of their major works **Historical Dictionary of the Beat Movement** Paul Varner, 2012-06-21 The Beat Movement was one of the most radical and innovative literary and arts movements of the 20th century and the history of the Beat Movement is still being written in the early years of the 21st century Unlike other kinds of literary and artistic movements the Beat Movement is self perpetuating After the 1950s generation headlined by Jack Kerouac Allen Ginsberg and William S Burroughs a new generation arose in the 1960s led by writers such as Diane Wakoski Anne Waldman and poets from the East Side Scene In the 1970s and 1980s writers

from the Poetry Project at St Mark's Church and contributors to World magazine continued the movement. The 1980s and 1990s Language Movement saw itself as an outgrowth and progression of previous Beat aesthetics. Today poets and writers in San Francisco still gather at City Lights Bookstore and in Boulder at the Jack Kerouac School of Disembodied Poetics and continue the movement. It is now a postmodern movement and probably would be unrecognizable to the earliest Beats. It may even be in the process of finally shedding the name Beat. But the Movement continues. The Historical Dictionary of the Beat Movement covers the movement's history through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on significant people, themes, critical issues, and the most significant novels, poems, and volumes of poetry and prose that have formed the Beat canon. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Beat Movement. *Updating the Literary West*, 1997. Western writers says Thomas J. Lyon in his epilogue to *Updating the Literary West* have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth. The editors of the *Literary History of the American West* (TCU Press, 1987) hoped that the first volume would begin, not conclude, their exploration of the West's literary heritage. Out of this hope comes *Updating the Literary West*, a comprehensive reference anthology including essays by over one hundred scholars. A selected bibliography is included with each piece. In the ten years since publication of *LHAW*, western writing has developed a significantly larger presence in the national literary stream. A variety of cultural viewpoints have developed along with new tactics for literary study. New authors have risen to prominence and the range of subjects has changed and widened. *Updating the Literary West* looks at topics ranging from western classics to cowboys and Cadillacs and considers children's literature, ethnicity, environmental writing, gender issues, and other topics in which change has been rapid since publication of *LHAW*. This volume again affirms the West's literary legitimacy, status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience. An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries. Selected list of contributors: James Maguire, Fred Erisman, Susan J. Rosowski, Gerald Haslam, Tom Pilkington, A. Carl Bredahl, Richard Slotkin, John G. Cawelti, Robert F. Gish, Ann Ronald, Mick McAllister. **Writers Directory** NA, 2016-03-05.

William Everson Lee Bartlett, 1988. In the annals of modern American letters, William Everson holds prime place as a poet of conscience and consciousness of self, his richly textured verse mapping his extraordinary inner journey as social activist, Dominican brother, and preeminent religious and philosophical poet. In *William Everson: The Life of Brother Antoninus*, Lee Bartlett charts the outer journey, drawing on the reminiscences of the poetry, his friends, and a wealth of archival material.

Kherdian, Lawrence Ferlinghetti, Michael McClure, David MELTZER, Gary Snyder, Philip Whalen, 1967 **Gary Snyder and the American Unconscious** T. Dean, 1991-01-31 This book presents a new theory of American culture based not on the phenomenologically and existentially derived vocabularies of consciousness which have dominated earlier accounts but rather on a revitalized notion of the unconscious Drawing on the writings of the French psychoanalyst Jacques Lacan Dean develops a theory of the constitution of the very notion of America itself as based on a complicated relation to the American landscape **Benchmark & Blaze** Lee Bartlett, 1979 The first published book length study of the American poet William

Poetry John Wrighton, 2010 From the Objectivists to the poetry this thoughtful and innovative book explores the dynamic relationship between the ethical imperative and poetic practice revitalizing the study of the most prominent post war American poets in a fresh provocative way Contributing to the turn to ethics in literary studies the book begins with Emmanuel Levinas's philosophy proposing that his reorientation of ontology and ethics demands a social responsibility In poetic practice this responsibility for the other it is argued is both responsive to the traumatized semiotics of our shared language and directed towards an emancipatory social activism Individual chapters deal with Charles Olson's The Maximus Poems including reproductions of previously unpublished archive material Gary Snyder's environmental poetry Allen Ginsberg's Beat poetics Jerome Rothenberg's ethnopoeitics and Bruce Andrew's Language poetry Following the book's chronological and contextual approach their work is situated within a constellation of poetic schools and movements and in relation to the shifting socio political conditions of post war America In its redefinition and

extension of the key notion of poethics and as guide to the development of experimental work in modern American poetry this book will interest and appeal to a wide audience

The View from On the Road Omar Swartz,1999 Through careful analysis of Jack Kerouac's *On the Road* Omar Swartz argues that Kerouac's influence on American society is largely rhetorical Kerouac's significance as a cultural icon can be best understood Swartz asserts in terms of traditional rhetorical practices and principles To Swartz Kerouac is a rhetor who symbolically reconstructs his world and offers arguments and encouragements for others to follow Swartz proposes that *On the Road* constitutes a rhetorical vision a reality defining discourse suggesting alternative possibilities for growth and change Swartz asserts that the reader of Kerouac's *On the Road* becomes capable of responding to the larger confusing culture in a strategic manner Kerouac's rhetorical vision of an alternative social and cultural reality contributes to the identity of localized cultures within the United States
