Sixpenny Soldier:

KILL THE MAJOR (Second Edition) Paul Malone, 2023-02-07 The true story of the 42 Australian New Zealand and British guerrillas and their Borneo warrior allies who fought behind Japanese lines in World War II and forced the surrender of the last two Japanese companies ten weeks after World War II's official end. Over 1 000 Japanese were killed in the Semut I operation, a casualty rate out of all proportion to the small size and armaments of the force. But rather than revere and praise their leader after the war, many of the guerrillas recounted their hatred for their British major Tom Harrisson. One of those amazing stories that wars throw up. Steven Carroll, *The Sydney Morning Herald*. The Age. Kill the Major reveals much that will be news to the descendants of the Kelabit warriors. Dr Philip Raja, President Rurum Kelabit Sarawak. While it is now 75 years since Special Operations Australia SOA conducted its most successful operation throughout the course of the Second World War, the author has provided a refreshing review of events and he has reignited much debate over the legacy of Operation Semut Major. Rtd Jim Truscott, *Commando Magazine* of the Australian Commando Association. Malone's fascinating book reveals that the Allied guerrillas, with the help of traditional headhunting local tribesmen, did an outstanding job after being dropped into the Borneo jungle during the Pacific War. In particular, Malone builds a strong argument that the 9th Division should have accepted the guerrillas' accurate intelligence and moved inland to round up the two big groups of Japanese roaming the interior. Instead, following the official Japanese surrender, they chose to withdraw, leaving the loyal locals at the mercy of the Japanese. Brian Toohey, National security writer and former Canberra and Washington correspondent, *Australian Financial Review*. [The Artillerist's Manual, and British Soldier's Companion](#) Frederick Augustus Griffiths, 1868 **The artillerist's manual and British soldier's compendium** F. A. Griffiths, 2025-03-02 In *The Artillerist's Manual and British Soldier's Compendium* F. A. Griffiths offers a meticulous guide that showcases both the technical expertise and tactical nuances of artillery in the British military context. Written in an accessible yet authoritative style, the compendium blends detailed illustrations, diagrams, and comprehensive descriptions to elucidate complex concepts in military artillery. It serves as a crucial resource for understanding the evolution of British military engagement during the 19th century, reflecting broader themes of industrialization and modernization within armed forces. The book not only instructs on the mechanics and operations of artillery but also provides insights into the soldier's life, emphasizing discipline, strategy, and camaraderie among troops. F. A. Griffiths, a figure deeply entrenched in military studies, draws from his extensive background in both practical artillery service and academic scholarship to deliver this compendium. His experience fosters a unique perspective that marries technical proficiency with historical narrative, offering readers a both hands-on approach and a broader societal perspective on the role of artillery in shaping British military fortunes. Griffiths's expertise is rooted in the 19th-century military milieu, allowing him to capture the zeitgeist of an era poised at the nexus of tradition and innovation. Recommended for historians, military enthusiasts, and professionals alike, Griffiths's work stands as an essential reference that enriches the

understanding of British military history Its blend of practical guidance and historical context makes it a vital tool for both scholars and practitioners seeking knowledge about the complexities of military operations and their sociopolitical implications This compendium is a significant contribution to the annals of military literature providing invaluable insights for anyone interested in the legacy of military prowess **The Artillerist's Manual, and British Soldier's Compendium** Frederick Augustus Griffiths, 1862 The Artillerist's Manual, and British Soldier's Compendium ... the remnants of the Japanese army over burning oil fields up languid tropical rivers along leech ridden jungle tracks and across endless hills valleys and ridges Far from being the easy mopping up the men had been told to expect Borneo turned out to be as savage as anything the Aussies had hitherto encountered in the Pacific as the Japanese despite the inevitability of their defeat continued fighting with fanaticism tenacity and shocking brutality Immensely complex but brilliantly planned OBOE called for Australia's two most famous Infantry Divisions the 7th and 9th to storm ashore at three separate landing areas supported by US and Australian naval forces and local Dyak guerrilla fighters Their objectives were to secure Borneo's oil facilities and liberate its long suffering people Although now largely forgotten as well as mired in the controversy that it had little effect on the overall outcome of the war the skill bravery and determination showed by the average Australian soldier on Borneo many of whom were fighting their one and only battle of the war is beyond question OBOE involved more than 70 000 Australian military personnel of which over 2000 became casualties with nearly 600 killed It was also where the two final Australian Victoria Crosses of the war were won as well as literally dozens of other awards for bravery OBOE was superbly executed achieved all of its objectives and was the very last sustained Allied action of World War Two Drawing on a myriad of firsthand sources and interviews with the two last surviving veterans Borneo The Last Campaign examines the lead up to the landings and the campaign itself in never before published detail Once again Michael Veitch provides a compelling and fascinating account of a part of Australian war history that deserves to be recognised **Australian Battalion**
