five chambers and five gates These are the allegories of perceptions i e the five internal and the five external senses could be seen in *Treatise on Towers A Tale of Occidental Exile The Simurgh s Shrill Cry The Red Intellect and On the Reality of Love* The second paper of this section has been authored by Alexandros Schismenos The paper represents an opinion that as a chimera time travel is non feasible and impossible To support his claim the author briefly outlines the origins of the time travel concept and its epistemological and metaphysical ontological conditions If these conditions prove to be absurd the logical impossibility of time travel will have been demonstrated The third section of this issue is Political science The first paper of this section has been authored by Dr Michelle L Blakely and Dr Curtis R Blakely This paper represents the first application of the Game theory to the field of penology conceptualizing the relationship between prisons and prisoners as a game provides insight into the motivations strategic behaviors and decision making processes of its players The second paper of this section has been authored by Rotimi Adeforiti which tends to identify the factors responsible for the crises of integration in the Nigeria federal system The paper concludes that the foundations of federalism were laid by the British consciously or unconsciously for the existence of Nigeria The country subscribed to federal system of government and had been practicing it The problem facing Nigeria federal system today among others is no longer amalgamation of the country but the interest of various elite or elite to be in the country The third paper of this section has been authored by Gizachew Wondie Gifayehu which attempts to analyse the development and practice of citizenship and citizenship rights in Ethiopia The fourth paper of this section has been authored by Prof Inderjeet Singh Sodhi This paper deals with the current status of water management in India and its emerging issues and challenges The fifth paper of this section has been authored by Dr Prakash Chand Kandpal This paper focuses on the development of sustainable cities highlighting the actions and initiatives undertaken by the Government of Delhi to combat the menace of pollution in Delhi The sixth paper of this section authored by Isha presents the concept of Public Private Partnership and also evaluates its progress in school education in India The paper concludes that the introduction of the PPP model in school education in India could help in the achievement of desired results as the payments are made by the government against the services delivered through the private sector But there is a risk sharing between both government and private sector which is helpful for the delivery of public services in an efficient manner However PPP in the education sector has a long way to go as the schools approved under PPP model in some states of India like Assam Bihar Himachal Pradesh Meghalaya Mizoram Nagaland Odisha Tripura and West Bengal are still not functioning The seventh paper of this section has been authored by Sisay Assemrie Temesgen This paper analyzes the moral acceptability of violent force and retaliation at the individual and community level and in the arena of national and international politics
