Slovenske Tabu:

A History of Slovakia Stanislav J. Kirschbaum, 2016-05-10 This classic book offers the most comprehensive and up to date history of Slovakia from its establishment on the Danubian Plain to the present While paying tribute to Slovakia's resilience and struggle for survival it describes contributions to European civilization in the Middle Ages the development of Slovak consciousness in response to Magyarization its struggle for autonomy in Czechoslovakia after the Treaty of Versailles its resistance as the first Slovak Republic to a Nazi controlled Europe its reaction to Communism and the path that led to the creation of the second Slovak Republic Now fully updated to the present day the book examines the vagaries of Slovak post Communist politics that led to Slovakia's membership in NATO and the European Union **Czechoslovakism** Adam

Hudek, Michal Kopeček, Jan Mervart, 2021-09-30 This collection systematically approaches the concept of Czechoslovakism and its historical progression covering the time span from the mid nineteenth century to Czechoslovakia's dissolution in 1992 1993 while also providing the most recent research on the subject Czechoslovakism was a foundational concept of the interwar Czechoslovak Republic and it remained an important ideological political and cultural phenomenon throughout the twentieth century As such it is one of the most controversial terms in Czech Slovak and Central European history While Czechoslovakism was perceived by some as an effort to assert Czech domination in Slovakia for others it represented a symbol of the struggle for the Republic's survival during the interwar and Second World War periods The authors take care to analyze Czechoslovakism's various emotional connotations however their primary objective is to consider Czechoslovakism as an important historical concept and follow its changes through the various cultural political contexts spanning from the mid nineteenth century to the breakup of Czechoslovakia in 1993 Including the work of many of the most eminent Czech and Slovak historians this volume is an insightful study for academic and postgraduate student audiences interested in the modern history of Central and Eastern Europe nationality studies as well as intellectual history political science and sociology

Europeanization as Discursive Practice Senka Neuman Stanivuković, 2017-09-01 Europeanization as Discursive Practice adopts a poststructuralist reading of Europeanization to study the effects of EU accession in the light of political territoriality and consequent state building processes in the EU and Central and Eastern European countries CEECs and the Western Balkans from 1990 2013 Focusing on how domestic actors have framed Europe EU norms in the debates on territorial reforms and the implications of this framing on policy reforms it asks how competing articulations of the EU and its norms construct state territoriality in the given political and policy debates The book argues that the European Union acted as a discursive force and a challenge to the established structures of understanding of territoriality statehood and power With this the author proposes a new research model for the study of Europeanization that goes beyond the neo institutionalist account of the EU's policy norm transfer to member non member states This text will be of key interest to students scholars and practitioners of European integration EU foreign policy enlargement policy and regional policy and territoriality in post

Wilder Osten oder Herz Europas? Simon Gruber, 2010 English summary The aim of this book is to identify the role of the EU in the consolidation of democracy in Slovakia during the 1990s The first chapter explores the concept of Europe in Slovak politics In Slovakia Europe was used as a rhetorical tool by all political forces The relationship between Slovakia and the EU institutions and member states is analyzed in the second chapter Inside the EU there initially was much insecurity about the development of Slovakia But the disastrous results in terms of democracy and rule of law of the Meciar government made the decision of 1997 not to start the accession negotiations largely uncontroversial The last chapter deals with the EU's part in Slovakia's democratic consolidation EU integration was a hotly discussed topic in the run up of the 1998's parliamentary elections Slovakia's failing in the integration process fueled growing concerns that Slovakia might not be able to catch up

with the West Among the used sources are documents from the diplomatic archive of the Slovak ministry of foreign affairs and the author's own interviews with some of the involved persons The author argues that the EU thanks to its huge prestige in Slovakia helped significantly to get rid of the authoritarian tendencies German text German description Fur die neuen Demokratien Ostmitteleuropas stellte Europa verkorpert durch die Europäische Union einen massgeblichen normativen Bezugspunkt in den Wirren der Transformation dar Im Fall der Slowakei wirkte die EU in den 1990er Jahren sogar als wichtigste externe Instanz welche die gefahrdete Demokratie zu bewahren half Der slowakische Diskurs uber Europa und die europaischen Werte bot den geeigneten Boden damit das Engagement der EU Institutionen Wirkungen entfalten konnte Ausgehend von erstmalig ausgewerteten diplomatischen Quellen zeigt dieses Buch wie intensiv und teilweise widerspruchlich die Versuche der europaischen Institutionen zur Beeinflussung des politischen Prozesses in der Slowakei waren Heftige Polemik unter den slowakischen politischen Eliten denen Europa als Legitimationsressource diente war die Folge Gleichzeitig fand eine Klarung statt welche Mittel im politischen Prozess erlaubt waren und wo die Schwelle zum Autoritarismus lag Hier wird die These vertreten dass der beinahe einhellige Wunsch der slowakischen Burger nach Zugehorigkeit zu Westeuropa in Verbindung mit der Einmischung der EU die Demokratie in der Slowakei rettete ○
