Smart Women Foolish Choices Connell Cowan, Melvyn Kinder, 1986-03-04 [Smart Women Foolish Choices](#) Connell Cowan, Melvyn Kinder, 1986 **Smart Women, Foolish Choices** Cowan, Kinder, 1993-11-01 *New Millennial Sexstyles* Carol Siegel, 2000 *New Millennial Sexstyles* questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists Carol Siegel considers whether the sexual revolution may have succeeded but in ways not recognized by current academic studies of gender and sexuality In discouraging undomesticated heterosexuality academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times At the same time the youth subcultures challenges to these views of sexuality and gender have been dismissed as insignificant or misunderstood as sexist In this book they receive more respectful attention Siegel draws on her own experience as a college student to create a personal history of academic feminism s early sympathy with bourgeois values She looks at the development of American sex advice literature and at the reception of such transgressive popular films as *Basic Instinct* *Thelma and Louise* and *Natural Born Killers* to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative A more encouraging vision emerges in the book s second half where a record of conversations about sex and gender with young people and of their responses to products designed for their consumption takes the reader through some of today s most radical youth cultures and suggests new directions for gender studies

Confessing Excess Carole Spitzack, 1990-07-05 Looking at the discourse on female weight reduction in American culture *Confessing Excess* analyzes contemporary dieting and the weight loss literature by taking up the themes of confession and surveillance Spitzack argues that dieting is characterized by confession of excess which women internalize and which necessitates ongoing surveillance or monitoring of the body Informal conversations and in depth interviews also juxtapose women s everyday dieting experiences with the discourse of dieting texts By evaluating the cultural construction of women in this manner the author illuminates the power strategies that offer self acceptance at the price of self condemnation

The Columbia Documentary History of American Women Since 1941 Harriet Sigerman, 2003 *Liquid Metal* brings together seminal essays that have opened up the study of science fiction to serious critical interrogation Eight distinct sections cover such topics as the cyborg in science fiction the science fiction city time travel and the primal scene science fiction fandom and the 1950s invasion narratives Important writings by Susan Sontag Vivian Sobchack Steve Neale J P Telotte Peter Biskind and Constance Penley are included *Backlash* Susan Faludi, 2009-11-18 A new edition of the feminist classic with an all new introduction exploring the role of backlash in the 2016 election and laying out a path forward for 2020 and beyond Winner of the National Book Critics Circle Award Enraging enlightening and invigorating *Backlash* is most of all

true Newsday First published in 1991 Backlash made headlines and became a bestselling classic for its thoroughgoing debunking of a decadelong antifeminist backlash against women's advances A Pulitzer Prize winning journalist Susan Faludi brilliantly deconstructed the reigning myths about the costs of women's independence from the supposed man shortage to the infertility epidemic to career burnout to toxic day care and traced their circulation from Reagan era politics through the echo chambers of mass media advertising and popular culture As Faludi writes in a new preface for this edition much has changed in the intervening years The Internet has given voice to a new generation of feminists Corporations list gender equality among their core values In 2019 a record number of women entered Congress Yet the glass ceiling is still unshattered women are still punished for wanting to succeed and reproductive rights are hanging by a thread This startling and essential book helps explain why women's freedoms are still so demonized and threatened and urges us to choose a different future

dalliances with their killer men **Understanding the Women of Mozart's Operas** Kristi Brown-Montesano, 2021-11-09

Is *The Marriage of Figaro* just about Figaro? Is *Don Giovanni*'s story the only one or even the most interesting one in the opera that bears his name? For generations of critics, historians, and directors, it's Mozart's men who have mattered most. Too often, the female characters have been understood from the male protagonist's point of view or simply reduced on stage and in print to paper cutouts from the age of the powdered wig and the tightly cinched corset. It's time to give Mozart's women and Mozart's multi-dimensional portrayals of feminine character their due. In this lively book, Kristi Brown Montesano offers a detailed exploration of the female roles in Mozart's four most frequently performed operas: *Le nozze di Figaro*, *Don Giovanni*, *Cos fan tutte*, and *Die Zauberflöte*. Each chapter takes a close look at the music, libretto, text, literary sources, and historical factors that give shape to a character, re-evaluating common assumptions and proposing fresh interpretations. Brown Montesano views each character as the subject of a story, not merely the object of a hero's narrative or the stock figure of convention. From amiable Zerlina to the awesome Queen of the Night to calculating Despina, all of Mozart's women have something unique to say. These readings also tackle provocative social, political, and cultural issues which are used in the operas to define positive and negative images of femininity: revenge, power, seduction, resistance, autonomy, sacrifice, faithfulness, class, maternity, and sisterhood. Keenly aware of the historical gap between the origins of these works and contemporary culture, Brown Montesano discusses how attitudes about such concepts past and present influence our appreciation of these fascinating representations of women.
