The United States between China and Japan Caroline Rose, Victor Teo, 2014-07-24 From its insistence that Japan should favour diplomatic normalization with the Republic of China over the People's Republic of China in 1952 through its role via the Security Treaty of keeping the cap in the bottle of Japanese militarism to weighing in on the Diaoyu Senkaku islands dispute between China and Japan the United States has played a pivotal and at times controversial role in the development of China Japan relations since the end of World War II By extension US influence on China Taiwan and Taiwan Japan relations in addition to its impact on the efforts of various actors to construct a Northeast Asian regional community continues to pose important questions about the nature of the US role in East Asia in the 21st century This volume provides a multi faceted overview of the nature of America's interaction in East Asia since the end of the war and highlights the obstacles to improved bilateral and regional integration The contributors offer a range of perspectives from their respective US European and East Asian vantage points and point to the ongoing and prominent involvement of the US in the region for the foreseeable future

Sino-Japanese Relations in a Trilateral Context Yun Zhang, 2016-11-24 This book explains the increasingly turbulent Sino Japanese relations since the 2000s by innovatively investigating the formation mechanism of mutual misperception deeply rooted in China Japan U S trilateral structural dynamics The political and security relationship has been increasingly deteriorating against the high interdependency between the world's second and third largest economies More ironically both sides have also shown the intent and made efforts to improve bilateral ties The author systematically conducts a focused comparison of the evolution of the Sino Japanese mutual perceptions and policies toward one another during the past decade and a half Empirically Yun Zhang closely examines five case studies that provide insights to IR students and scholars and policy makers on how misperception and mistrust have formed replicated and intensified

Power Shift David Shambaugh, 2006-01-17 The dynamics of international relations in Asia are undergoing broad and fundamental changes that are reverberating around the world Primary among the catalysts of change in the region is the rise of China as the engine of regional economic growth as a major military power as a significant voice in regional diplomacy and as a proactive power in multilateral institutions With in depth assessments by seventeen of the world's leading experts on China's foreign relations this groundbreaking volume offers the most timely up to date and comprehensive analysis of China's emerging influence on international relations in Asia The contributors explore the various dimensions of China's rise its influence on the region the consequences for the United States and alternative models of the evolving Asian order What emerges is a clear picture of China increasingly at the center of the regional web while North Korean and Taiwan could erupt in conflict the predominant trend in Asia is the creation of an extensive web of mutual interdependence among states and non state actors Providing the best overview we currently have of the changing political balance on the Asian continent this accessible volume will be essential reading for anyone concerned with contemporary Asian affairs
