Slots David V. Forrest, 2012-01-03 A renowned psychiatrist explores the world of slot machine gambling and the almost religious devotion that has turned it into a billion dollar industry This astonishing book reveals that there's a lot more to playing slot machines one of America's fastest growing forms of entertainment than good fun deep relaxation and the dream of a multi million dollar jackpot Slots tells how the machines work how the random numbers that govern them are generated and how the casinos make their profit slowly but surely as they keep only a dime of every dollar invested It also offers strategies of slot play and suggests alternate activities to distract us when casinos become harmfully habitual But ultimately as Dr Forrest writes to spend one's time feeding money to the machines is to participate in well a form of prayer And the gaming industry seems very much aware of it as players annually plunge more than 365 billion into slots of which casinos keep about 30 billion and as casinos 70 to 85 percent of whose profits are earned by slot machines have spread to more than a dozen states and even into a number of racetracks where they're called racinos What this book describes with both humor and a sense of awe is the way slots emporia have steadily been transformed from underground grottos to soaring cathedral like structures where congregants sit and commune all the end of worshipping the god of chance

Casino Games Made Easy Victor H. Royer, 2000-03 Now you can get the most up to date information on the newest and hottest casino games *Casino Games Made Easy* is the eighth book by acclaimed authority on casino gambling Victor H Royer Real and actual insider knowledge on how to beat the casino

games you'll find in today's casinos all over the world. Casino Games Made Easy continues to expand the horizons about casino gaming and provides a unique insider's perspective on casino games. Every visitor to any casino will benefit by reading it. Unlike many other publications, this book will not quote you a series of mathematical odds and probabilities nor will it bore you with hard-to-understand charts and numbers. Instead, it will tell you in plain language how you can make the most money from your play, how to last the longest with your gaming dollar, and how you can maximize your winning potential.
