his approach to mountains was first and foremost an aesthetic one he saw a peak first as something beautiful the technical problem was always secondary and nothing counted beside that vision Of all the mountain guides who came to Canada in the late 19th and early 20th centuries Conrad Kain is probably the most respected and well known In this internationally anticipated reissue of *Where the Clouds Can Go* first published in 1935 with subsequent editions in 1954 and 1979 Rocky Mountain Books has accentuated the original text with an expanded selection of over 50 archival images that celebrate the accomplishments of Conrad Kain in the diverse mountain landscapes of North America Europe and New Zealand The new foreword by acclaimed mountaineer and filmmaker Pat Morrow puts Kain's mountaineering adventures numerous explorations and devout appreciation of nature into a contemporary context ensuring that the exploits of this remarkable individual will remain part of international mountain culture for years to come To commemorate the 100th anniversary of Kain's arrival in Canada the Conrad Kain Centennial Society was formed in 2008 to celebrate his many achievements and to develop legacy projects in his memory This expanded edition of Kain's book will help carry his passion for mountaineering to a new generation of readers and adventurers

Earth House Hold Gary Snyder,2013-07-25 Both Pound and Williams have shown a good poet can revitalize prose style *Earth House Hold* a play on the root meaning of ecology drawn from Gary Snyder's essays and journals may prove a landmark for the new generation As a poet Snyder tells us I hold the most archaic values on earth They go back to the late Paleolithic the fertility of the soil the magic of animals the power vision in solitude the terrifying intuition and rebirth the love and ecstasy of the dance the common work of the tribe He develops as replacement for shattered social structures a concept of tribal tradition which could lead to growth and enlightenment in self disciplined freedom Whatever it is or ever was in any other culture can be reconstructed from the unconscious through meditation the coming revolution will close the circle and link us in many ways with the most creative aspects of our archaic
