

Somerset Coalmining Life

**Thomas Southcliffe Ashton, Joseph
Sykes**

Somerset Coalmining Life:

Tracing Your Coalmining Ancestors Brian Elliott, 2014-02-11 A meticulous mixture of social and family history Whether or not you have mining connections this is an interesting socio economic read Your Family Tree In the 1920s there were over a million coalminers working in over 3000 collieries across Great Britain and the industry was one of the most important and powerful in British history It dominated the lives of generations of individuals their families and communities and its legacy is still with us today many of us have a coalmining ancestor Yet family historians often have problems in researching their mining forebears Locating the relevant records finding the sites of the pits and understanding the work involved and its historical background can be perplexing That is why Brian Elliott s concise authoritative and practical handbook will be so useful for it guides researchers through these obstacles and opens up the broad range of sources they can go to in order to get a vivid insight into the lives and experiences of coalminers in the past His overview of the coalmining history and the case studies and research tips he provides will make his book rewarding reading for anyone looking for a general introduction to this major aspect of Britain s industrial heritage His directory of regional and national sources and his commentary on them will make this guide an essential tool for family historians searching for an ancestor who worked in coalmining underground on the pit top or just lived in a mining community As featured in Who Do You Think You Are Magazine and the Barnsley Chronicle [Coal in Victorian Britain, Part II, Volume 6](#) John Benson, James Jaffe, Keith Gildart, 2024-10-28 Coal is a topic that has been remains and will continue to be of significant interest to those concerned with the causes course and consequences of industrialization and de industrialization This six volume reset collection provides scholars with a wide variety of sources relating to the Victorian coal industry **Somerset Coalmining Life** Fred Flower, 1990 **Uinta-Southwestern Utah Coal Region, Round Two (CO, UT)**, 1983 **The Miners of Windber** Mildred Allen Beik, 1996-09-15 In 1897 the Berwind White Coal Mining Company founded Windber as a company town for its miners in the bituminous coal country of Pennsylvania The Miners of Windber chronicles the coming of unionization to Windber from the 1890s when thousands of new immigrants flooded Pennsylvania in search of work through the New Deal era of the 1930s when the miners rights to organize join the United Mine Workers of America and bargain collectively were recognized after years of bitter struggle Mildred Allen Beik a Windber native whose father entered the coal mines at age eleven in 1914 explores the struggle of miners and their families against the company whose repressive policies encroached on every part of their lives That Windber s population represented twenty five different nationalities including Slovaks Hungarians Poles Italians and Carpatho Russians was a potential obstacle to the solidarity of miners Beik however shows how the immigrants overcame ethnic fragmentation by banding together as a class to unionize the mines Work family church fraternal societies and civic institutions all proved critical as men and women alike adapted to new working conditions and to a new culture Circumstance if not principle forced miners to embrace cultural pluralism in their fight for greater democracy

reforms of capitalism and an inclusive working class definition of what it meant to be an American. Beik draws on a wide variety of sources including oral histories gathered from thirty five of the oldest living immigrants in Windber, foreign language newspapers, fraternal society collections, church manuscripts, public documents, union records and census materials. The struggles of Windber's diverse working class undeniably mirror the efforts of working people everywhere to democratize the undemocratic America they knew. Their history suggests some of the possibilities and limitations, strengths and weaknesses of worker protest in the early twentieth century.

Uinta-southwestern Utah Coal Region, 1983 **Foul**

Deeds & Suspicious Deaths In Bath Kirsten Elliott, 2007-07-19 True crime tales from this ancient British city and tourist spot. Photos included. Take a journey through centuries of local crime and conspiracy: meeting villains of all sorts along the way, cut throats and poisoners, murderous lovers, assassins, prostitutes and suicides. Among the many tales of wickedness and despair, the author records in this fascinating book are Robbery and revenge in Roman times, the brutal uncertainties of Bath in the dark ages, the highwaymen, gamblers and duelists of the Georgian period, the Victorian underworld and its notorious cases of prostitution, infanticide and murder, outbreaks of mob violence, political corruption. Kirsten Elliott's chronicle of the history of the town would prefer to forget is compelling reading for anyone who is interested in the dark side of human nature.

Tracing Your West Country Ancestors Kirsty Gray, 2013-04-19 This book is an essential handbook for those researching their ancestry in the counties of Cornwall, Devon and Somerset and the city of Bristol. It begins with an introduction to the identity of The West Country, its geography and history over the centuries. It then guides family historians through the wealth of historical records available both online and in archives and libraries in order to add the flesh to the bones of the names of ancestors on their family trees. West Country expert Kirsty Gray highlights fascinating details that can be uncovered about the places where our ancestors lived, their occupations and the distinctive features, identity and character of the West Country itself. She provides case studies of some notable individuals from the counties as well as records of those individuals who never hit the headlines. This practical and informative guide is a must have for readers wishing to find out more about all aspects of life in this area of England.

Reports of the Inspector of Coal Mines of the Anthracite Coal Regions of Pennsylvania Pennsylvania. Inspector of Mines, 1903 *Somerset* Mick Davis, David Lassman, 2020-03-30 An

informative springboard from which to dive deep into the rich and illustrious heritage of the county steeped in the legend of King Arthur. Every inch of legendary Somerset is imbued with history, from the towns of Dunster and Taunton in the west to those of Shepton Mallet and Frome in the east, while also contained within its county boundaries are the cities of Bath and Wells and the mystical and magical Isle of Avalon, Glastonbury. The county located in southwest England and part of the

Ancient Kingdom of Wessex has played a significant role in many of the nation's most formative events. These include the Roman occupation, Alfred the Great's rise to power, the English Civil War and the Monmouth Rebellion. And all this epoch-making activity has been played out against a landscape of dramatic and breathtaking beauty from vast tracts of land such as Exmoor hill ranges such as Mendip and Blackdown and an abundance of incredible rivers, lakes and streams many situated within the famous Somerset Levels. Wordsworth, Coleridge and Austen among many others have immortalized the county in literature while everyone from the Celts, Cavaliers and Saxons to the Roundheads, Romans and rebels have fought over its sought-after resources. The authors both living in Somerset guide you on a fascinating and illuminating trip into the past of this most historical and legendary of counties which boasts among its attractions the last battle fought upon English soil, the scene of the Bloody Assizes and the final resting place of King Arthur. A Legacy of Coal Margaret M. Mulrooney, 1989

Extraction, Ecologies and the Literature of the Long Exhaustion Elizabeth Carolyn Miller, 2021-10-12. How literature of the British imperial world contended with the social and environmental consequences of industrial mining. The 1830s to the 1930s saw the rise of large-scale industrial mining in the British imperial world. Elizabeth Carolyn Miller examines how literature of this era reckoned with a new vision of civilization where humans are dependent on finite nonrenewable stores of earthly resources and traces how the threatening horizon of resource exhaustion worked its way into narrative form. Britain was the first nation to transition to industry based on fossil fuels which put its novelists and other writers in the remarkable position of mediating the emergence of extraction-based life. Miller looks at works like *Hard Times*, *The Mill on the Floss* and *Sons and Lovers* showing how the provincial realist novel's longstanding reliance on marriage and inheritance plots transforms against the backdrop of exhaustion to withhold the promise of reproductive futurity. She explores how adventure stories like *Treasure Island* and *Heart of Darkness* reorient fictional space toward the resource frontier. And she shows how utopian and fantasy works like *Sultana's Dream*, *The Time Machine* and *The Hobbit* offer imaginative ways of envisioning energy beyond extractivism. This illuminating book reveals how an era marked by violent mineral resource rushes gave rise to literary forms and genres that extend extractivism as a mode of environmental understanding. Energy Impact Assistance Legislation United States. Congress. Senate. Committee on Energy and Natural Resources, 1980. Industrial Pioneer, 1924

The Miners of Windber Mildred A. Beik, 1996. Mildred Allen Beik, a Windber native whose father entered the coal mines at age eleven in 1914, explores the struggle of miners and their families against the company whose repressive policies encroached on every part of their lives. That Windber's population represented twenty-five different nationalities including Slovaks, Hungarians, Poles, Italians and Carpatho-Russians was a potential obstacle to the solidarity of miners. Beik, however, shows how the immigrants overcame ethnic fragmentation by banding together as a class to unionize the mines. Work, family, church, fraternal societies and civic institutions all proved critical as men and women alike adapted to new working conditions and to a new culture. BOOK JACKET *Coal in Victorian Britain, Part I, Volume 1* John Benson, Quentin

Outram, 2024-08-01 Coal is a topic that has been remains and will continue to be of significant interest to those concerned with the causes course and consequences of industrialization and de industrialization This six volume reset collection provides scholars with a wide variety of sources relating to the Victorian coal industry
