The Kidnapping Of The President A Novel:

The Kidnapping of the President Charles Templeton,1974-01-01 **The Kidnapping of the President** Charles Templeton,1975 AN ARMOURED TRUCK WITH THE KIDNAPPED PRESIDENT OF THE UNITED STATES INSIDE IS TRIGGERED TO EXPLODE IN TIMES SQUARE UNLESS FIFTY MILLION DOLLAR The Real Story Behind the Hurt and the Rise and Fall of Extremists Josh Scott,2021-05-12 The Hurt is purchased after it was closed 25 years later by the same owner The story delves into who and what the owner really was and how it became a stronghold for several terror groups that eventually cause mass destruction and mayhem How the government handles and mishandles the ongoing threats

Leonard Maltin's 2009 Movie Guide Leonard Maltin,Luke Sader,Mike Clark,2008 Offers readers a comprehensive reference to the world of film including more than ten thousand DVD titles along with information on performers ratings running times plots and helpful features *The State of the American Mind: Stupor and Pathetic Docility* Amechi Okolo PhD,2010-06-10 This book The State of the American Mind Stupor and Pathetic Docility Volume One begins to unravel some of the most obvious perplexing embarrassing and enduring problems and contradictions of American history and sociology viz how could the American revolution that started with the most ringing and most inspiring Declarations of human equality in world history end up establishing the most vicious exploitative society the world ever knew Black chattel slavery and only ten percent white enfranchisement etc Further how could men of such great wisdom and intellect like George Washington James Madison Thomas Jefferson and others who were Enlightenment scholars and clearly knew that slavery was despicable and evil because they had variously experienced white servitude and slavery themselves collude to establish and institutionalize the horrible system of Negro chattel slavery in America and also disenfranchised over 90 percent of people of their own race actions that racism could not explain The structural institutional slavery system they established and the resultant consequent racism hobbles America today as it did in the past and forced Eric Holder the Attorney General to declare that America is a nation of cowards when it comes to race discussions Thus this book starts with serious critical discussions of race in America and reveals what no textbook has ever done viz that most early American whites and Blacks were slaves an uncomfortable fact that would shock most Americans because it contradicts the orthodoxy or the dominant narrative that only Blacks were brought here in chains Further the book also shows the year Black slavery started something almost all textbooks got wrong It also shows who was the first Black slave in America something no textbook ever mentions It also shows when and how racism started in America and many other very sensitive and embarrassing but necessary issues that America avoids but must be frankly discussed for America to move forward This book therefore shatters the two dominant themes of Americas history and sociology that Blacks were brought into America in chains as slaves while whites came to America in search of freedom as Obama famously told us in his race speech Thus the crowning lesson of this book in addition to discussing some critical policy issues like education health care etc is that it discovers the centripetal force of the

American society that eluded contemporary Americans because American bosses have laboriously concealed the facts from the public the scary but clearly healthy uniting fact that most Americans are united by their common ancestry their universal history and experience of servitude bond indentures and slavery Nothing is more universal more common and more shared in American history and sociology than the fact that most of our ancestors black and white were servants bond indentures and slaves who were dominated and super exploited by few overlords Colonial America was the preferred dumping ground for British outcasts rejects criminals masterless class vagabonds bond indentures slaves etc until 1776 when Australia replaced America as the British dump for its rejects and surplus citizens Thus that America was a nation founded by British rejects and losers is inherently more rational than the prevailing orthodoxy or the Obama theory of Americas founders that they were great honorable men who journeyed across the ocean for freedom because of the obvious reason that good powerful achieving citizens do not normally emigrate to new uncharted lands THEODORE ROOSEVELT - Ultimate Collection:

emerging media and their largely unexamined role in the nation's real politics **The Presidents of American Fiction**
Michael J. Blouin, 2022-11-03 The Presidents of American Fiction brings together American literature history and political science to explore the most influential fictionalized accounts of the presidency from the early 19th century to the time of Trump. Of late popular understandings of the presidency are being radically re-written; consider for example the distinctive myths that accompanied the ascent of the Obama and Trump administrations and many readers of all stripes are radically reimagining the office and its holder. Placing these changes within a broader cultural context, Michael J. Blouin investigates narratives involving fictional presidents from the supposedly factual to the outright fantastical within their distinct literary and historical moments. The author considers representative texts including works penned by James Fenimore Cooper from the Jacksonian moment, Gore Vidal in the age of Nixon and Vietnam, and Philip Roth in the neoliberal period. Through detailed readings that question how American presidents function as characters within the popular imagination, this book examines the presidency as a complex ever-evolving trope and in so doing enhances our appreciation of American literature's inextricable link with American politics **Catalogue of Recent and Current Books** Booklovers Library, 1901
