The Kilfenora Teaboy A Study Of Paul Durcan:

The Kilfenora Teaboy Colm Tóibín, 1996 Over the past twenty years Paul Durcan has become an essential presence in Irish life His poems have ranged from risk taking explorations along the tragi comic fault lines in contemporary Ireland to brave and painful studies of the private self Taking its title from one of his most famous poems *The Kilfenora Teaboy* is the first full length study of Paul Durcan s work It includes an analysis of his relationship with the political world he inhabits a study of the connection between his own background and poetic vision and critical evaluation of the essential themes which underpin his extraordinary body of work *Contemporary Irish Poetry and the Canon* Kenneth Keating, 2017-03-27 This book makes an important intervention into debates about influence and contemporary Irish poetry Supported throughout by incisive reflections upon allusion word choice and formal structure Keating brings to the discussion a range of new and lesser known voices which decisively complicate and illuminate its pronounced concerns with inheritance history and the Irish poetic canon Steven Matthews Professor of English Literature University of Reading UK and author of *Irish Poetry Politics History Negotiation* and *Yeats As Precursor* This book is about the way that contemporary Irish poetry is dominated and shaped by criticism It argues that critical practices tend to construct reductive singular and static understandings of poetic texts identities careers and maps of the development of modern Irish poetry This study challenges the attempt present within such criticism to arrest stabilize and diffuse the threat multiple alternative histories and understandings of texts would pose to the formation of any singular pyramidal canon Offered here are detailed close readings of the recent work of some of the most established and high profile Irish poets such as Paul Muldoon and Medbh McGuckian along with emerging poets to foreground an alternative critical methodology which undermines the traditional canonical pursuit of singular meaning and definition through embracing the troubling indeterminacy and multiplicity to be found within contemporary Irish poetry

The Art of the Caveman John Mc Donagh, 2016-09-23 The first monograph on the poetry of Paul Durcan this book deals thematically with the dominant concerns evident from his first solo collection *O Westport in the Light of Asia Minor* published in 1975 up to and including *The Days of Surprise* published in 2015 His work is marked by an unnerving emotional honesty and a recurring desire to undermine the pomposity of an Ireland struggling under the weight of inherited inconsistencies One of the central arguments here is that Durcan has captured more than any other poet of his generation the complexities and contradictions inherent in Ireland s emergence from the early difficult decades of independence The complex relationship between the public and private in his poetry is also explored as well as the poet s unflinching examination of his deepest personal relationships **A Companion to Contemporary British and Irish Poetry, 1960 - 2015** Wolfgang Gortschacher, David Malcolm, 2020-12-21 A comprehensive and scholarly review of contemporary British and Irish Poetry With contributions from noted scholars in the field *A Companion to Contemporary British and Irish Poetry 1960 2015* offers a collection of writings from a diverse group of experts They explore the richness of individual poets genres forms techniques
