The Kingfish A One Man Play Loosely Depicting The Life And Times Of The Late:

The Kingfish Larry L. King, Ben Z. Grant, 1992 **Huey at 100** Glen Jeansonne, 1995 **Southern Writers** Joseph M. Flora, Amber Vogel, 2006-06-21 This new edition of Southern Writers assumes its distinguished predecessor's place as the essential reference on literary artists of the American South. Broadly expanded and thoroughly revised, it boasts 604 entries, nearly double the earlier edition's, written by 264 scholars. For every figure, major and minor, from the venerable and canonical to the fresh and innovative, a biographical sketch and chronological list of published works provide comprehensive, concise, up-to-date information. Here, in one convenient source, are the South's novelists and short story writers, poets and dramatists, memoirists and essayists, journalists, scholars, and biographers from the colonial period to the twenty-first century. What constitutes a southern writer is always a matter for debate. Editors Joseph M. Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense. New to this volume are younger writers who have emerged in the quarter century since the dictionary's original publication, as well as older talents previously unknown or unacknowledged. For almost every writer found in the previous edition, a new biography has been commissioned. Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners, Southern Writers is an indispensable reference book for anyone intrigued by the subject.
