## **The Komplete Kolor Krazy Kat 1935-1936:**

**The Komplete Kolor Krazy Kat: 1935-1936** George Herriman, 1990      **Cartoonists, Works, and Characters in the United States through 2005** John Lent, 2006-04-30 This penultimate work in John Lent's series of bibliographies on comic art gathers together an astounding array of citations on American cartoonists and their work. Author John Lent has used all manner of methods to gather the citations: searching library and online databases, contacting scholars and other professionals, attending conferences and festivals, and scanning hundreds of periodicals. He has gone to great length to categorize the citations in an easy-to-use scholarly fashion and in the process has helped to establish the field of comic art as an important part of social science and humanities research. The ten volumes in this series, covering all regions of the world, constitute the largest printed bibliography of comic art in the world and serve as the beacon guiding the burgeoning fields of animation, comics, and cartooning. They are the definitive works on comic art research and are exhaustive in their inclusiveness, covering all types of publications: academic, trade, popular, fan, etc., from all over the world. Also included in these books are citations to systematically researched academic exercises as well as more ephemeral sources such as fanzines, press articles, and fugitive materials: conference papers, unpublished documents, etc., attesting to Lent's belief that all pieces of information are vital in a new field of study such as comic art.

**Modernism and the Materiality of Texts** Eyal Amiran, 2016-07-27 *Modernism and the Materiality of Texts* argues that elements of modernist texts that are meaningless in themselves are motivated by their authors' psychic crises. Physical features of texts that interest modernist writers, such as sound patterns and anagrams, cannot be dissociated from abstraction or made a refuge from social crisis; instead, they reflect colonial and racial anxieties of the period. Rudyard Kipling's fear that he is indistinguishable from empire subjects, J. M. Barrie's object relations theater of infantile separation, and Virginia Woolf's dismembered anagram self are performed by the physical text and produce a new understanding of textuality. In readings that also include diverse works by Gertrude Stein and Alice Toklas, P. G. Wodehouse, and Conan Doyle, J. M. Barrie, George Herriman, and Sigmund Freud, this study produces a new reading of modernism's psychological text and of literary constructions of materiality in the period.

**The Encyclopedia of Fantasy** John Clute, John Grant, 1999-03-15 Like its companion volume *The Encyclopedia of Science Fiction*, this massive reference of 4,000 entries covers all aspects of fantasy from literature to art.

**Krazy Kat** George Herriman, Michael Tisserand, 2018-08-24 T00:00:00+02:00 LA PREMIERE BIOGRAPHIE DE GEORGE HERRIMAN EN FRANCE PARUE AUX ETATS UNIS EN DECEMBRE 2016. Secret. Ainsi que l'a fait remarquer Bill Blackbeard, l'expert historien des comics et sauveur de milliers de planches grâce à qui nous pouvons lire *Krazy Kat*, la révélation en 1971 de l'ascendance croisée de Herriman inscrit comme couleur de couleur sur son bulletin de naissance à moins résoudre de questions qu'elle n'en a fait naître. Et nombre de légendes nées de boutades de Herriman et de ses collègues ont continué de se propager, entretenant mythe et mystère jusqu'aujourd'hui. Autant dire que la biographie de Michael Tisserand était attendue dix ans de travail des milliers d'heures.

fouiller des archives poussiéreuses et se crever les yeux sur des microfilms obscurs des dizaines d'entretiens avec membres de la famille amis et collègues survivants dont un cartoonist plus que centenaire le résultat est la hauteur des espérances et bien au-delà Non seulement le livre de Michael Tisserand comble une immense lacune en relevant enfin dans toute sa richesse les multiples facettes d'un auteur majeur et les ramifications insoupçonnées de son œuvre mais il offre de manière fascinante un moment à la fois capital et méconnu de la bande dessinée Car comme l'écrivait jadis Patrick McDonnell l'histoire de Herriman est l'histoire du comic strip Plus encore c'est celle de l'Amérique

**Humour, Comedy and Laughter** Lidia Dina Sciama, 2016-04-01 Anthropological writings on humor are not very numerous or extensive but they do contain a great deal of insight into the diverse mental and social processes that underlie joking and laughter On the basis of a wide range of ethnographic and textual materials the chapters examine the cognitive social and moral aspects of humor and its potential to bring about a sense of amity and mutual understanding even among different and possibly hostile people Unfortunately though cartoons jokes and parodies can cause irremediable distress and offence Nevertheless contributors cross cultural evidence confirms that the positive aspects of humor far outweigh the danger of deepening divisions and fueling hostilities
