Coming of Age in Jewish America Patricia Keer Munro, 2016-05 The Jewish practice of bar mitzvah dates back to the twelfth century but this ancient cultural ritual has changed radically since then evolving with the times and adapting to local conditions For many Jewish American families a child s bar mitzvah or bat mitzvah is both a major social event and a symbolic means of asserting the family s ongoing connection to the core values of Judaism Coming of Age in Jewish America takes an inside look at bar and bat mitzvahs in the twenty first century examining how the practices have continued to morph and exploring how they serve as a sometimes shaky bridge between the values of contemporary American culture and Judaic tradition Interviewing over 200 individuals involved in bar and bat mitzvah ceremonies from family members to religious educators to rabbis Patricia Keer Munro presents a candid portrait of the conflicts that often emerge and the negotiations that ensue In the course of her study she charts how this ritual is rife with contradictions it is a private family event and a public community activity and for the child it is both an educational process and a high stakes performance Through detailed observations of Conservative Orthodox Reform and independent congregations in the San Francisco Bay Area Munro draws intriguing broad reaching conclusions about both the current state and likely future of American Judaism In the process she shows not only how American Jews have forged a unique set of bar and bat mitzvah practices but also how these rituals continue to shape a distinctive Jewish American identity

Culinary Tourism , 1998 *Jews in the Gym* Leonard Jay Greenspoon, 2012 For some the connection between Jews and athletics might seem far fetched But in fact as is highlighted by the fourteen chapters in this collection Jews have been participating in and thinking about sports for more than two thousand years The articles in

this volume cover a wide chronological range from the Hellenistic period first century BCE to the most recent basketball season The range of athletes covered is equally broad The authors of these essays raise a number of intriguing questions such as What differing attitudes toward sports have Jews exhibited across periods and cultures In what sports have Jews excelled and why How have Jews overcome prejudices on the part of the general populace against a Jewish presence on the field or in the ring This volume features a number of illustrations many of them quite rare It is accessible to the general reader and contains much information of interest to the scholar in Jewish studies American studies and sports history

A Code of Jewish Ethics, Volume 2 Rabbi Joseph Telushkin, 2009-02-10 Jewish thinkers don't talk all that much about love All too often we leave that to Christian theologians But in this excellent volume Rabbi Joseph Telushkin puts the commandment to love at the center of Jewish theology and experience This is a book that will change the way you think about and practice Judaism Professor Ari L. Goldman, Columbia University and author of *The Search for God at Harvard* Love your neighbor as yourself is the best known commandment in the Bible Yet we rarely hear anyone talk about how to apply these words in daily life In this landmark work Rabbi Joseph Telushkin, one of the premier scholars and thinkers of our time gives both Jews and non-Jews an extraordinary summation of what Jewish tradition teaches about putting these words into practice Writing with great clarity and simplicity as well as with deep wisdom Telushkin covers topics such as love and kindness hospitality visiting the sick comforting mourners charity relations between Jews and non-Jews compassion for animals tolerance self-defense and end of life issues This second volume of the first major code of Jewish ethics written in the English language is breathtaking in its scope and will undoubtedly influence readers for generations to come It offers hundreds of practical examples from the Torah the Talmud the Midrash and both ancient and modern rabbinic commentaries as well as contemporary anecdotes all teaching us how to care for one another each and every day *A Code of Jewish Ethics Volume 2 Love Your Neighbor as Yourself* is a consummate work of scholarship Like its acclaimed predecessor which received the National Jewish Book Award it is rich with ideas to contemplate and discuss while being primarily a book to live by Nothing could be more important in these strife-torn times than learning how to love our neighbors as ourselves The message of this book is as vital and timely now as it has been since time immemorial
