Lover's Manual for Planet Earth Philip W. Sarsons, 2013-06-28 I'm breathless This journey through The Book of Gardens touched me so deeply Day after day I was bathed by the words I was comforted and confronted I was overwhelmed by curiosity and calm urgent intellectual stimulation and an emotional embrace I am in awe of Phil's ability to lead me one step at a time as if he were holding my hand and pushing me at the same time I'm full to the brim shaken up like love at a stand still with gratitude Maggie Merritt Nevada USA The passion and beautifully crafted language unites the subjects of I Ching meditation economy and ecology I emerged with renewed excitement for meditation and a deepened understanding of the choices we face for humanity to survive on this world Nicolas Albright Nelson Canada A practical manual for decision making The Book of Gardens includes a summary of how to use the I Ching and learn Mindfulness Meditation Amid the Changes upon us all today what direction will you take

Wonderfully Diego kurilo, Regarding the phenomenon of unidentified objects we have more questions than answers it is good that it is so by luck and my personal searches I have not found an answer to all the questions that ufology raises such as the most important ones what where do these beings come from And what is your purpose of visiting the earth or your final purpose limited to the abduction of people with an almost industrial methodology or cadence I am still looking for answers to my own searches about my own UFO experiences Regarding the ufological theme over the years what I have discovered is that the phenomenon is more diverse than one could imagine the ufo really manifests itself as a Monster with thousands of arms and an impossible and unclassifiable face The great edifice of

ufology ranges from mutilation of cattle also of people rarer cases but there are to out of body experiences of an angelic astral type taking samples where ships land reports of direct and programmed contact where human beings knowingly and intentionally board a ship perhaps never to return Surely if he returns it is because something is pending a debt or as I would say a backpack full of Pagina 10 Real Contact Stories E T things if one does not return it is because he discovered that there is nothing to discover silence is more important than anything else I What many comment is that you get on the ships in pairs like Adam and Eve All this gibberish of experiences is ufology it is so diverse and fun that one is trapped in its clutches in an infinite circle of discomfort and deception also love and a tireless search for a knowledge that is spread over several lives is it our own memory a hoax or perhaps to discover that we are the ones who created the contact as synchronous events and possible memory failures in most cases of abductions only part of the event is remembered it would seem that good for these beings or due to one's own dimensional experiences oblivion is the only thing to reap somehow a cursed and necessary harvest we put that event there to distract ourselves in this daily life or as a trigger for new spiritual searches ufology is what more like the land of Oblivion The vast majority of ufological experiences entail lost time and temporal variance as a whole it presupposes the entrance to an archetypal world of a super lucid dream type where time is perceived as a clock of events in its fracture the effects precede the causes and space becomes fluid time turning into space and vice versa Welcome to the land of wonders Pagina 11 Real Contact Stories E T Time becomes space in certain places on earth as portals to what was since the phenomenon is not bound in time and space Because the experiences mainly in the vicinity of the ships which are extravagant it is possible that space becomes time and time space At this stage of the investigation we are clear that close encounters with UFOs are not produced by usual physical events that is the witnesses are not observing the landing of an interplanetary ship manned by scientists from a distant galaxy It is more likely that all of this that we have labeled and studied as UFO close encounters are in reality fleeting visions of an extended reality which is sometimes perceptible to some people John Keel from his book The Eighth Tower It is necessary to expand our limits of what ufos really are the most plausible hypothesis is that they really are beings from other parts of the cosmos arriving on earth in their ships these beings have discovered the way to transport themselves from a place in the cosmos to another in an instant they have solved the problem of space travel and its distance since it is always now and space is plausible to become time Due to the ufological casuistry that grows year by year we realize that the phenomenon is not tied in time and space but rather that it manifests itself as a rather fragmented puzzle of experiences that will manifest in the life of the contactee or experimenter from earliest childhood Many of the causes of contact or experience lie in the future of what happens in the past time runs backwards in the ufo phenomenon In other words it is a warp of events or Moebius strip where the houses are in the future of what happens in the past The experimenter due to his misfortune and lack of time discovers that he was always the one who created that broken mirror of contact or that it will manifest as a broken mirror of circumstances and archetypal events We

are burned as stories because we decided to experience immortality There is no greater misfortune than drinking from the waters of immortality One remains locked in an eternal trial of silence to discover what it was we who put all those errors and faults there **Operation REBIRTH AMERICA Second Edition** America Publications,2007-09 Wonderfully Diego Kurilo,2025-06-18 Regarding the phenomenon of unidentified objects we have more questions than answers it is good that it is so by luck and my personal searches I have not found an answer to all the questions that ufology raises such as the most important ones what where do these beings come from And what is your purpose of visiting the earth or your final purpose limited to the abduction of people with an almost industrial methodology or cadence I am still looking for answers to my own searches about my own UFO experiences Regarding the ufological theme over the years what I have discovered is that the phenomenon is more diverse than one could imagine the ufo really manifests itself as a Monster with thousands of arms and an impossible and unclassifiable face The great edifice of ufology ranges from mutilation of cattle also of people rarer cases but there are to out of body experiences of an angelic astral type taking samples where ships land reports of direct and programmed contact Page 11 Real Contact Stories E T w h e r e h u m a n b e i n g s k n o w i n g l y a n d intentionally board a ship perhaps never to return Surely if he returns it is because something is pending a debt or as I would say a backpack full of things if one does not return it is because he discovered that there is nothing to discover silence is more important than anything else I What many comment is that you get on the ships in pairs like Adam and Eve *The King Victorino*. Alejandro Roque Glez,2012-06-19 THE KING VICTORINO is a story that opens to us a defined but infinite window towards the time during the Kingdom promised by the Son of God Here there is no prolepsis which could destroy nor fights between acute oxytone paroxytone or proparoxytone stressed words vowels or consonants but a neat link from that future predicted to us since long ago The reader will laugh at the likeable occurrences by the king and those around him with the adventures that happen not only in the Kingdom of Tocaroro where he rules his people but also in the journey that he undertakes during the last seven years of the Great Millenarian Kingdom that is to say from the year 992 to 999 of the GMK starting with the passage in which on very decorated horse carriages he firstly crosses the Atlantic region now a dry land converted into an Eden of unimaginable proportions In the course of the story peoples and characters around the king Victorino interact in dialogues and situations trapped within the journey while the king remembers all the biblical passages that in the old century announced the promise of the Millenarian Kingdom This is therefore a book that quotes the Word of God often though by this time and because of many we added them in several footnotes where they can be found and ensuring that eternal justice is not a hollow promise but an augmentative locomotive approaching at the speed for which the Creator God has predestined in the dispensation of the time and ages CONTENT Appendix to the book Prologue by the scribe Euqor Preface by Prince Genghis Foreword by King Solomon Chapter Aleph The King Victorino and the Queen Angelike Chapter Beth The Kingdom of Tocaroro Chapter Gimmel The Seven Years Journey Departing Tainotixt n and Sketch of the
