The Last Picture Show:

The Last Picture Show Larry McMurtry, 2018-03-20 McMurtry is an alchemist who converts the basest materials to gold New York Times Book Review The Last Picture Show 1966 is both a rambunctious coming of age story and an elegy to a forlorn Texas town trying to keep its one movie house alive Adapted into the Oscar winning film this masterpiece immortalizes the lives of the hardscrabble residents who are threatened by the inexorable forces of the modern world

The last picture show, 2006 Performed by Timothy Bottoms Jeff Bridges Ellen Burstyn Ben Johnson Cloris Leachman Randy Quaid Cybill Shepherd Summary Drama of social and sexual mores in small town Texas set in the lull between World War II and the Korean War High schoolers Sonny and Duane are best friends and as graduation approaches they consider their future and the future of their dying town Based on the novel by Larry McMurtry Originally released as a motion picture in 1971 Special features The last picture show a look back documentary

The Great Movies III Roger Ebert, 2024-05-31 Roger Ebert has been writing film reviews for the Chicago Sun Times for over four decades now and his biweekly essays on great movies have been appearing there since 1996 As Ebert noted in the introduction to the first collection of those pieces They are not the greatest films of all time because all lists of great movies are a foolish attempt to codify works which must stand alone But it s fair to say If you want to take a tour of the landmarks of the first century of cinema start here Enter The Great Movies III Ebert s third collection of essays on the cr me de la cr me of the silver screen each one a model of critical appreciation and a blend of love and analysis that will send readers back to the films with a fresh set of eyes and renewed enthusiasm or maybe even lead to a first time viewing From The Godfather Part II to Groundhog Day from The Last Picture Show to Last Tango in Paris the hundred pieces gathered here display a welcome balance between the familiar and the esoteric spanning Hollywood blockbusters and hidden gems independent works and foreign language films alike Each essay draws on Ebert s vast knowledge of the cinema its fascinating history and its breadth of techniques introducing newcomers to some of the most exceptional movies ever made while revealing new insights to connoisseurs as well Named the most powerful pundit in America by Forbes magazine and a winner of the Pulitzer Prize Roger Ebert is inarguably the most prominent and influential authority on the cinema today The Great Movies III is sure to please his many fans and further enhance his reputation as America s most respected and trusted film critic

In a Narrow Grave Larry McMurtry, 2010-06-01 Writing with characteristic grace and wit Larry McMurtry tackles the full spectrum of his favorite themes from sex literature and cowboys to rodeos small town folk and big city slickers First published in 1968 In a Narrow Grave is the classic statement of what it means to come from Texas In these essays McMurtry opens a window into the past and present of America s largest state In his own words Before I was out of high school I realized I was witnessing the dying of a way of life the rural pastoral way of life In the Southwest the best energies were no longer to be found on the homeplace or in the small towns the cities required these energies and the cities bought them I recognized too that the no longer open

but still spacious range on which my ranching family had made its livelihood would not produce a livelihood for me or for my siblings and their kind The myth of the cowboy grew purer every year because there were so few actual cowboys left to contradict it I had actually been living in cities for fourteen years when I pulled together these essays intellectually I had been a city boy but imaginatively I was still trudging up the dusty path that led out of the country **America's Film**

Legacy Daniel Eagan,2010-01-01 Collection of the five hundred films that have been selected to date for preservation by the National Film Preservation Board and are thereby listed in the National Film Registry Polly Platt Aaron

Hunter,2022-01-19 This book examines the career and creative labour of production designer Polly Platt It focuses mainly on her contributions to 1970s Hollywood but also considers her later work Considering films such as The Last Picture Show Paper Moon The Bad News Bears and The Witches of Eastwick it argues that Platt s construction of their visual palette and mise en sc ne was so creative and so comprehensive that it can be considered authorial Chapters discuss Platt s life and its influence on her work her attention to detail her role in location decisions and costume design and her use of colour An epilogue discusses her later career as a producer and her mentorship to young filmmakers like Cameron Crowe and Wes Anderson This is the first full length examination of the career of one of the women practitioners whose work was so important to 1970s cinema and provides an alternative methodology to the auteur driven framing that so regularly defines the era **John Wayne** Richard D. McGhee,2016-09-30 After the death of Marion Morrison known as John Wayne in 1979

President Jimmy Carter said that Wayne was bigger than life In an age of few heroes he was the genuine article But he was more than a hero he was a symbol of many of the qualities that made America great The first section of this study concentrates on Wayne s style of work and sphere of action as an actor The man who works for a living and is concerned with his audience and the constraints of his immediate environment The second section examines the artist the man who lives in his art who disappears into his character as an archetype of human fears and desires Analyses of films that have made Wayne a hero are presented in the third section A comprehensive filmography and numerous photographs are included

Seasoned Authors for a New Season Louis Filler,1980 This collection of essays probes the values in a variety of authors who have had in common the fact of popularity and erstwhile reputation Why were they esteemed Who esteemed them And what has become of their reputations to readers to the critic himself No writer here has been asked to justify the work of his subject and reports and conclusions about this wide variety of creative writers vary sometimes emphasizing what the critic believes to be enduring qualities in the subject in several cases finding limitations in what that writer has to offer us today
